

10i INTERNATIONAL - OPD USER GUIDE

V10i INT - February 2016

Documentation. Pursuant to this Agreement, Customer may receive copies of or access to certain written technical support or explanatory documents regarding eClinicalWorks's software; eClinicalWorks's services; or eClinicalWorks's internal policies and procedures (collectively, "Documentation"). Customer acknowledges and agrees that all such Documentation is and will remain the sole property of eClinicalWorks and that eClinicalWorks shall retain all intellectual property rights in all Documentation, including but not limited to patents, copyrights, or trademarks. Customer agrees that it will treat Documentation as highly confidential information and that Customer will not share Documentation with any third party, post any Documentation on the internet, or otherwise externally publish any Documentation. Customer may disclose Documentation to its employees or independent contractors for the purposes of utilizing eClinicalWorks's software or services, provided that Customer (i) obtains reasonable assurances prior to making any such disclosure that Documentation will not be used in violation of this Agreement and (ii) such disclosure will not result in Documentation becoming generally accessible to the public at large. Notwithstanding any other provision in this Agreement to the contrary, Customer agrees that it will never negligently, willfully, or knowingly allow any person or entity that competes with eClinicalWorks to access Documentation. Customer agrees to promptly inform eClinicalWorks in writing of any violation of this provision by Customer or one of Customer's employees or agents of which it becomes aware. Upon termination of this Agreement, Customer agrees to return all Documentation and all copies of Documentation to eClinicalWorks and, if such return is not feasible, to destroy all Documentation and all copies of Documentation. Customer agrees that its obligations under this provision will survive termination of this Agreement. Customer agrees to certify its compliance with this provision in writing within seven (7) days of any request from eClinicalWorks.

ABOUT THIS GUIDE

With eClinicalWorks 10i, working with electronic medical records is easy. All Progress Notes information for patients is stored and interconnected. So labs, X-rays, diagnostic imaging, patient documents, scheduling, and billing are all linked. Integrated data means providers can manage all patient information from one place, making their work more efficient.

This guide provides:

- The procedures for the Outpatient component of the eClinicalWorks 10i application; its features and elements.
- Information required to configure security settings and manage the eClinicalWorks 10i OPD section.
- Information to perform standard medical office operations using the eClinicalWorks 10i OPD section.
- Procedures for routine billing tasks. These procedures are intended for billing managers, office managers, and any other staff members responsible for the day-to-day processing of claims, posting of payments, crediting of refunds, collecting delinquent accounts, and generating financial reports.

This document is intended for practitioners and staff within a hospital that engage in patient care and its documentation.

For more information, refer to the following sections:

- [Getting Support](#)
- [Conventions](#)

Getting Support

For support-related issues, open a Support Case on the eClinicalWorks Customer Portal at:

<https://my.eclinicalworks.com>

You may also call eClinicalWorks Support:

Phone: (+91)-79-40222049, (+91)-79-40222059, (+91)-79-40222046

Conventions

This section lists typographical conventions and describes the icons used to call out additional information and to indicate item keys, new features, and enhancements to the application.

- Typographical conventions:

Bold	Identifies options, keywords, and items in a description.
<i>Italic</i>	Indicates variables, new terms and concepts, foreign words, or emphasis.
Monospace	Identifies examples of specific data values, and messages from the system, or information that you should actually type.

- Icons are used to highlight new features and indicate enhanced features and item keys:

Icon	Description
	Identifies new features, suggested by clients, from the eCWIdeas website: http://ecwideas.eclinicalworks.com .
	Identifies new features.
	Indicates an enhanced feature.
	Points out helpful tips or additional information.

PATIENT REGISTRATION

The Patient Registration section enables the front office to add a new outpatient, delete an existing outpatient, display and edit the patient information, collect a registration amount, perform a pre-registration, view and book a doctor appointment, and re-issue the registration card to outpatients.

During the patient's encounter, all medical information is stored in the medical record and becomes part of the overall patient record. The following sections describe different functions that can be performed in Patient Registration window:

- [Accessing Patient Registration Window](#)
- [Accessing the Handle with Care Window](#)
- [Accessing the Pre-Registration Window](#)
- [Accessing the Registration Card Reissue Window](#)
- [Generating Patient Registration Reports](#)

Accessing Patient Registration Window

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Patient Registration

Enter information for a new or existing outpatient from the Patient Registration window.

For more information, refer to the [Creating or Editing a Patient Record](#) section.

The screenshot shows the 'Patient Registration' window. It includes a header with 'Registration' and 'Reports Transactions'. The main form is divided into several sections:

- 1. Option:** Radio buttons for 'Reg' and 'Urg'.
- 2. Personal information:** Fields for Title, First Name, Middle, Last Name, M. Status, D.O.B., Age, Sex, Guardian, Occupation, S/O, Mother, Religion, Nationality, P.O. Issue, P.P. No., D.O.E., Sponsor, Consultant, Specialty, B. Group, Ref. Type, and Referral.
- 3. Sponsor and provider information:** Fields for Sponsor, Consultant, and Specialty.
- 4. Address Details:** Fields for Local, Country, State, City, Area, Pin Code, and Phone.
- 5. C. Person:** Fields for C. Person, C. Person No., Relation, PAN Card, SSN#, Medical Alerts, and Reason.
- 6. Payment Information:** Fields for Mode Name, Amount, Mode No, Bank, and Exp. Date.
- 7. NO Screen/Start:** A button to start a new screen.
- 8. Reg No.:** A field for the registration number.
- 9. New, Save, Close, OPD No.:** Action buttons at the bottom right.

Fields that are marked with an asterisk (*) are mandatory fields. Complete all the mandatory fields to save the patient information.

Users can tab through the fields on this window. This version optimizes the tabbing order for the new patient data entry.

The following table describes several sections on the Patient Registration window:

Area	Description
1. Option	In the Patient Registration window, there are two different options available for both registered and unregistered patients. The front office can select either option while entering a patient information:
2. Personal information	Personal information includes Patient's name, marital status, age, sex, occupation, family information, religion, nationality, passport information, and blood group. For more information, refer to Entering Patient Information .
3. Sponsor and provider information	List of patient's sponsor, Consultant name, specialty of the consultant, referral information, and VIP information.
4. Address Details	Address details includes Patient's local and permanent address details.

Area	Description (Continued)
5. Contact information	Contact information includes patient's Mobile number, e-mail ID, contact person name, contact person number, relation, PAN card details, SSN number (if any), medical alerts, and reason.
6. Registration fee	Registration fee is a token amount that front office collects from each outpatient after registration completes. For more information, refer to
7. Uploading or capturing Image	The front office can upload or capture an image of the patient, and include it to the patient information. For more information, refer to Adding Photo Identification .
8. Registration identification information	After the information is saved, the system generates a UHID (Unique Health Identification) number and a registration number. The Reg Date field is auto filled as today's date.
9. Action buttons	Register a new patient, save information, close the window, or check the patient's information.

Creating or Editing a Patient Record

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Patient Registration

Register a new patient or update an existing record from the Patient Registration window.

For more information on registering a patient, refer to the following sections:

- [Entering Patient Information](#)
- [Adding Photo Identification](#)
- [Generating Registration Number and UHID Number](#)
- [Sending Confirmation Messages](#)
- [Printing a Receipt](#)

To create a new patient record or edit a patient record:

1. From the Patient Registration window, either update a patient record or create a new patient as follows:

To...	Perform...
Create a new patient	1. Click <i>New</i> on the bottom right of the Patient Registration window. 2. Fill the information in the fields. 3. Click <i>Save</i>.

To...	Perform...
Edit existing patient Record	1. Enter either Patient's UHID number or Registration Number in the respective fields. 2. Either Press Enter or click the  icon next to the <i>UHID No</i> or <i>Reg No</i> fields. The patient information populates automatically in different fields of the Patient Registration window. 3. Click <i>Edit</i> at the bottom of the window. 4. Edit the information and click <i>Save</i>.

Note: After the front office saves the information of a new patient, the system generates an UHID number and Registration Number. These numbers are the unique numbers for each patient in the hospital. The patients are advised to carry the UHID number or Registration Number each time they visit the hospital.

Fields that are marked with an asterisk (*) are mandatory fields. The system does not enable the user to save the information until all mandatory fields are filled.

Note: After the front office saves the information of a new patient, a window opens asking to send the confirmation details to patient, consultant and/or referral as SMS and e-mail. For more information, refer to [Sending Confirmation Messages](#).

The patient record is saved.

Entering Patient Information

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Patient Registration

The front office needs to enter all mandatory fields in the Patient Registration window in order to register a new patient. All other information in the Patient Registration window can be completed either during the patient registration or when the patient visits the hospital.

To enter the personal patient information:

1. From the Patient Registration window, click *New* to enter the information for a new patient or click *Edit* to edit the information of an existing patient.

The screenshot shows the 'Patient Registration' window with a blue header. It contains several sections of input fields:

- Registration Section:** Includes 'Option' (Reg/Urg), 'UHID No', 'Reg No', 'Reg Date' (15/12/2015 11:54 AM), 'Title', 'First Name', 'Middle', 'Last Name', 'M.Status', 'D.O.B', 'Age' (Y/M/Days), 'Sex', 'Guardian', 'Occupation', 'S/O', 'Mother', 'Religion', 'Nationality' (Indian), 'P.O Issue', 'P.P No.', 'D.O.E', 'Sponsor' (CASH), 'Consultant', 'Specialty', 'B. Group', 'Ref. Type', 'Referral', and a 'VIP' checkbox.
- Address Details Section:** Includes 'Local', 'Area' (Anand Nagar), 'Country' (India), 'State' (Gujarat), 'City' (Ahmedabad), 'Pin Code', 'Phone', 'Same as above' (checked), 'Permanent', 'Area', 'Pin Code', 'Phone', 'Mobile No', 'E-Mail ID', 'C. Person', 'C. Person No', 'Relation', 'PAN Card', 'SSN', 'Medical Alert', and 'Reason'.
- Payment Section:** Includes 'MODE NAME' (CASH), 'AMOUNT' (100), 'MODE NO', 'BANK', and 'EXP. DATE' (15/12/2015).
- Buttons:** At the bottom are 'New', 'Edit', 'Save', 'Receipt', 'Card', 'Close', and 'OPD No'.

The following table describes the information that needs to be filled in different fields in the Patient Registration window:

Field	Description
Option	In the Patient Registration window, there are two different options available for both registered and unregistered patients. The front office can select either option while entering a patient information: ■ Reg - Select this option while entering information of a patient that requires a doctor's consultation. ■ Urg - Select this option while entering information of a patient that does not require a doctor's consultation, but wants to avail different services in the hospital, like Laboratory, Radiology, etc.
■ UHID No ■ Reg No ■ Reg Date	After the information is saved, the system generates a UHID (Unique Health Identification) number and a registration number. The registration date is auto filled as today's date.
Title*	Select a title, <i>B Boy, B.Girl, Dr., Mast, Miss., Mr., Mrs., or Other</i> from the drop-down list. This is a mandatory field.
First Name*	Enter patient's first name. This is a mandatory field.

Field	Description (Continued)
Middle	Enter patient's middle name.
Last Name	Enter patient's last name.
M.Status	This field is auto filled by the system as per the selection of title. Only when the option <i>Other</i> is selected in the Title field, select a marital status, <i>Divorced</i> , <i>Married</i> , <i>Single</i> , <i>Un-married</i> , or <i>Widow</i> from the drop-down list.
D.O.B (Date Of Birth)	This field is grayed away by default. Check the box next to the <i>D.O.B</i> field to enter the date of birth of the patient. Enter the date of birth in DD/MM/YYYY format. Note: The D.O.B field only accepts the date that is more than 1 year. If the age of the patient is less than 1 year, enter the age directly in the <i>Age</i> field.
Age*	Enter the age of the patient in year, month, and days. The system calculates the date and populates in the <i>D.O.B</i> field accordingly. This is a mandatory field.
Sex*	This field is auto filled by the system as per the selection of title. Only when the option <i>Other</i> is selected in the Title field, select <i>Male</i> , <i>Female</i> or <i>Others</i> from the drop-down list. This is a mandatory field.
Guardian	Select the patient's relation to the guardian from the drop-down list.
Occupation	Select Patient's occupation from the drop-down list.
■ S/O ■ D/O ■ W/O	■ S/O (Son of) - Select this option if the patient is a male and enter either father's name or mother's name. ■ D/O (daughter of) - Select this option if the patient is a female and enter either father's name or mother's name. ■ W/O (Wife of) - Select this option if the patient is a married female and enter her husband's name.
Mother	Enter patient's mother's name.
Religion	Select the religion of the patient from the drop-down list.
Nationality	Select the nationality of the patient: ■ Indian - If the nationality of the patient is Indian ■ Foreigner- If the nationality of the patient is of another country, other than Indian.
P.O.Issue (Place Of Issue)	This field is editable when nationality of the patient is selected as <i>Foreigner</i> . Enter the patient's passport's place of issue.
P.P. No. (Passport Number)	This field is editable when nationality of the patient is selected as <i>Foreigner</i> . Enter the passport number of the patient.
D.O.E (Date Of Expiry)	This field is editable when nationality of the patient is selected as <i>Foreigner</i> . Enter patient's passport's date of expiry.
B.Group (Blood Group)	Enter the blood group of the patient.

2. Enter the patient's sponsor, consultant, and referral information:

Field	Description (Continued)
Sponsor*	Select a sponsor from the drop-down list to bill for patient's medical services. The sponsor is the health insurance company that covers patient's medical expenses. Select <i>Cash</i> in case patient wants to pay by self. This is a mandatory field. If patient's sponsor name is not listed, add a new sponsor. For more information about adding a new sponsor, refer to <i>10i International Administration Guide</i>.
Consultant*	Select the name of a consultant from the drop-down list. Consultant is the doctor in the hospital with whom the patient has booked an appointment. This is a mandatory field. Select a consultant and click the Icon  next to the field to view the day and timing of the specific consultant. To book an appointment refer to, XXXX If consultant name is not listed, add a new consultant. For more information about adding a new consultant, refer to XXXX
Specialty	This field is auto filled by the system as per the selection of consultant. To change the specialty of a consultant, refer to XXXX
Ref. Type (Referral Type)	Select either <i>Internal</i> or <i>External</i> referral type of the patient from the drop-down list.
Referral	Select the name of the referral of the patient from the drop-down list. Referral could be a doctor, an other hospital, or both. If referral name is not listed, add a new referral. For more information about adding a new referral, refer to XXXX
VIP (Very Important Person)	Select the box to mark the patient as VIP.

3. Enter the patient's address information:

Field	Description
Local	- Enter the local address of the patient. - To enlarge the field, keep the cursor on the  icon, hold the left key of the mouse, and drag the mouse.
Country	Select the country of the patient from the drop-down list.

Field	Description
State	- Select the state of patient from the drop-down list. - Click the  icon to enter the city of the patient. Enter the city and click <i>Save</i>. The information in the City field is populated.
City	- The City information is populated by the action in the state field. OR - Select the city of patient from the drop-down list. - Click the  icon to enter the area of the patient. Enter the area and click <i>Save</i>. The information in the Area field is populated.
Area	- The Area information is populated by the action in the City field. OR - Select the area of patient from the drop-down list.
Pin Code	Enter the pin code of the area of the patient's address.
Phone	Enter the patient's land-line phone number in following format: - Enter the state code in the first field. - Enter the 8-digit phone number in the second field.
Same as above	- If patient's permanent address is same as local address, click the  icon to auto-fill the permanent address same as local address. - If patient's permanent address is not same as local address, enter the permanent address in the respective fields.
Permanent	- Enter the permanent address of the patient. - To enlarge the field, keep the cursor on the  icon, hold the left key of the mouse, and drag the mouse.
Country	Select the country of the patient from the drop-down list.
State	- Select the state of patient from the drop-down list. - Click the  icon to enter the city of the patient. Enter the city and click <i>Save</i>. The information in the City field is populated.

Field	Description
City	- The City information is populated by the action in the state field. OR - Select the city of patient from the drop-down list. - Click the  icon to enter the area of the patient. Enter the area and click <i>Save</i>. The information in the Area field is populated.
Area	- The Area information is populated by the action in the City field. OR - Select the area of patient from the drop-down list.
Pin Code	Enter the pin code of the area of the patient's address.

4. Enter the patient's contact and emergency contact information:

Field	Description
Phone	Enter the patient's land-line phone number in following format: - Enter the state code in the first field. - Enter the 8-digit phone number in the second field.
Mobile No*	Enter the mobile number of the patient. This is a mandatory field. Note: The system validates the length of the patient's mobile number. This field accepts a maximum of 11 numbers.
E-mail ID	Enter the e-mail address of the patient.
C. Person (Contact Person)	Enter the name of the contact person related to patient. Contact person could be same as guardian or any other person related to patient.
C. Person No (Contact Person Land-Line Number)	Enter the land-line number of the contact person.
Relation	Select the relation of the contact person to the patient from the drop-down list.

5. Enter additional information about the patient:

Field	Description
PAN Card	Enter the PAN (Permanent account number) of the patient.
SSN#	Enter the SSN (Social security number) of the patient.

Field	Description
Medical Alert	- Enter medical alerts for the patient which display information about patient's status. - To enlarge the field, keep the cursor on the  icon, hold the left key of the mouse, and drag the mouse.
Reason	- Enter a reason for the medical alerts. - To enlarge the field, keep the cursor on the  icon, hold the left key of the mouse, and drag the mouse.

Fields that are marked with an asterisk (*) are mandatory fields. The system does not enable the user to save the information until all mandatory fields are filled.

6. To save the patient information, click *Save*.

The patient information entered in the Patient Registration window is saved in the hospital database.

Adding Photo Identification

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Patient Registration

The front office can add photo identification to the patient record.

To add photo identification to patient record:

- In the Patient Registration window, add the patient's picture using one of the following methods:

To...	Perform...
Import a photo stored on the computer hard drive	- Click <i>Choose File</i> and select the folder where the digital image of this patient is stored. - Select the image and click <i>Open</i>. - Click <i>Upload</i>.

To...	Perform...
Capture a photo from the web cam	- Click <i>Capture</i>. A request for accessing camera and microphone window opens:  - Click <i>Allow</i>. - Click <i>Capture</i> to capture the picture. The Captured Picture appears on the left side of the window. - Close the window.

- Click *Save* to add the photo identification to the patient record.
The added photo displays in the Patient Registration window.

Generating Registration Number and UHID Number

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Patient Registration

While registering a patient for the first time in the hospital database:

- **For *Reg* (registered) patients:**

The system generates a registration number, registration date, and an UHID (Unique Health Identification) number for the patient.

- **For *Urg* (unregistered) patients:**

The system generates a registration number and registration date for the patient.

To generate registration number and UHID number:

- Enter either the mandatory fields or all the fields in the Patient Registration window and click *Save*.
A Confirmation message displays:

The screenshot shows the 'Patient Registration' window. A red box highlights a message box that says: 'The page at 54.84.240.130 says: Registration Done, UHID No. is : [redacted] and Registration No. Is: [redacted]. Prevent this page from creating additional dialogs.' Below this, another red box highlights a dialog box titled 'Do you want to send registration information by SMS/Email?'. This dialog box contains fields for 'Reg No', 'UHID No', 'Reg Date', and 'UHID No', and checkboxes for 'SMS To Patient', 'Send Email', 'SMS To Consultant', and 'SMS To Referral'. The 'Send' button is at the bottom right of the dialog box.

The message displays that registration is done and shows the patient's UHID number and Registration Number.

Note: The system keeps today's date as Registration date.

This is a good time to send the information of UHID Number, Registration Number, and Registration date to the patient, consultant, and/or referral. For more information, refer to [Sending Confirmation Messages](#).

Sending Confirmation Messages

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Patient Registration

The front office can send the registration confirmation messages with the details of registration number, registration date, and UHID number to the mobile number of the patient, consultant, or referring provider **[only when the patient is first registered]**.

To send the confirmation messages:

1. From the Patient Registration window, click **Save** to save the added patient information.
The Confirmation window opens.
2. Check the box next to available options to send this information:

- ◆ **SMS To Patient** - To send the information to the patient's mobile number as a text message
- ◆ **Send Email** - To send the information to the patient's e-mail address
- ◆ **SMS To Consultant** - To send the information to the consultant's mobile number as a text message
- ◆ **SMS To Referral** - To send the information to the consultant's mobile number as a text message

3. Click *Send*.

The Patient's registration number, registration date, and UHID number is sent to the respective person.

Note: When registering a new patient, if the *Urg* is selected in the option field, only the registration number and registration date appear in the message confirmation window. For more information, refer to [Generating Registration Number and UHID Number](#).

Collection a Registration Payment

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Patient Registration

Collect and post a patient payment for the registration fee from the Patient Registration window.

To post a patient payment:

1. From the Patient Registration window, select one of the following payment methods from the Mode Name drop-down list:
 - ◆ Cash - to post a cash payment
 - ◆ Credit Card - to post a payment with a credit card
 - ◆ Debit Card - to post a payment with a debit card
 - ◆ Cheque - to post a payment with a cheque
 - ◆ Demand Draft - to post a payment with a demand draft
 - ◆ EFT - to post a payment with an EFT

The Amount field is automatically populates with the registration fee amount.

For more information about configuring the registration fee, refer to [\[where does this happen?\]](#)

2. Enter the card, cheque [\[demand draft? eft?\]](#) number in the Mode No field.
3. For card or cheque payments, [\[demand draft?eft?\]](#) select the bank from the Bank drop-down list.
4. For [\[which ones? card, cheque, demand draft, eft?\]](#), select the expiration date from the Exp. Date

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Patient Registration

IMPORTANT! After a receipt has been printed, users can not modify the payment in the system.

1. From the Patient Registration window, enter the information of the patient in the fields and save the information.
2. Click *Receipt* at the bottom right of the window.

Mr Admin

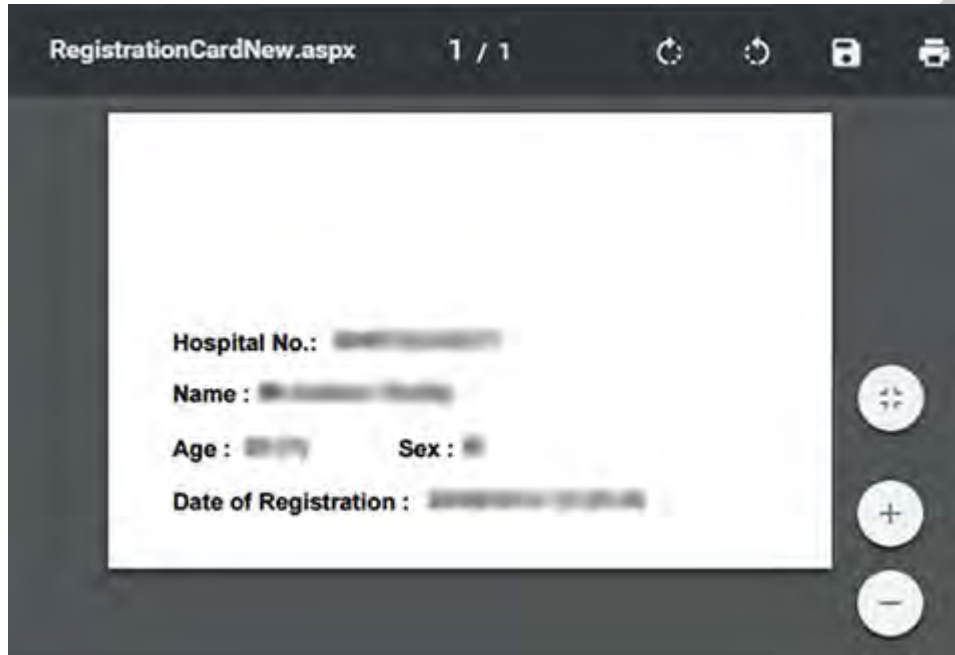

- Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Patient Registration**

After registering a patient to the hospital database and collecting a registration fee, print the registration card.

To print the registration card:

1. From the Patient Registration window, enter the information of the patient in the fields and save the information.
2. Click *Card* at the bottom right of the window.

The Registration Card opens in a different Internet browser:

3. Either print this Registration card or save it to the system for printing latter.

The payment receipt and the registration card is generated.

Accessing the Handle with Care Window

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Handle with Care

The front office can set a warning message for the patient during registration, updating the patient records, or creating a new appointment. This message shows the condition or status of the patient. Once the message is set, it appears in the following windows:

- Patient Registration
- OP Billing
- Lab
- Wards

To remove the warning and remarks from the patient record, refer to [Editing or Removing Warning and Remarks from Patient Record](#).

Patient Registration Reports ▾ Transactions ▾

☒ Handle With Care Remarks

Registration No:  Remarks: ☐ Handle With Care

GHR16	Yes	dfasfdsASDADASDASDASD
GHR17	Yes	dfsfdsfa
GHR73	Yes	Patient is a psycho. Careful...!!!
GHR232	Yes	sadfsafsf
GHR274	No	
GHR395	Yes	DDVDSVSDV

Editing or Removing Warning and Remarks from Patient Record

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Handle with Care

The front office can edit or remove the warning message and remarks from the patient record.

To remove the Warning and remarks from Patient record:

1. On the Handle With Care Remarks window, enter the registration number of the patient and click the  icon next to the field to filter the patient information.
The filtered patient information is displayed.
2. Click the registration number from the displayed list to edit the information.
3. Edit or remove the Remarks and un-check the Handle with Care box.
4. Click **Save**.

The warning message and remarks are edited or removed from the patient record.

Note: The user can keep only remarks and remove the warning message, or can remove the remarks and keep only warning message, as required.

Accessing the Pre-Registration Window

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Pre Registration

The front office can pre-register a patient to the hospital database by entering basic personal information. Pre-registration can be done over the telephone when a patient calls the hospital for the first time. The patient does not need to pay any registration fee for pre-registration. [is the fee required for registration? what about hospitals that don't have a registration fee?]

Pre-Registering a Patient

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Pre Registration

Pre-register a patient from the Pre-Registration window.

To pre-register a patient:

1. From the OPD, click *New*.
2. Enter the information in the fields as described in the following table:

Field	Description
Personal Information	■ Reg No. - After the information is saved, the system generates a registration number. Patients need to carry their Registration numbers while they visit hospital. ■ First Name* - Enter first name of the patient. ■ Middle - Enter the middle name of the patient. ■ Sur. Name - Enter the last name of the patient. ■ Gender* - Select either <i>Male</i>, <i>Female</i> or Others from the drop-down list. ■ D.O.B* - Enter date of birth of the patient in DD/MM/YYYY format. The system calculates the date and populates in the <i>Age</i> field accordingly. ■ Age* - If this field is not auto-populated after entering the information in <i>D.O.B</i> field, enter the age of the patient in number of years, months, or days. Select either year(s), Month(s), or Day(s) from the drop-down list. ■ Occupation - Select an occupation of the patient from the drop-down list. ■ SSN NO. - Enter the SSN (Social Security Number) of the patient (if any). ■ Address* - Enter the address of the patient. ■ Country* - Select the country of the patient from the drop-down list. ■ State* - Select the state of the patient from the drop-down list. ■ District - Select the district of the patient from the drop-down list. ■ Mandal - Select the mandal of the patient from the drop-down list. ■ Village* - Select the village of the patient from the drop-down list. ■ Pin Code* - Enter the pin code of the patient's residence area. ■ Mobile No* - Enter the mobile number of the patient. ■ E-Mail ID* - Enter the e-mail address of the patient
Emergency Contact	Emergency contact is the person to contact on behalf of patient in case of an emergency: ■ Name* - Enter the name of the contact. ■ Relation - Select a relation of the contact to the patient from the drop-down list. ■ Address - Enter address of the patient. To enlarge the field, keep the cursor on the  icon, hold the left key of the mouse, and drag the mouse. ■ Country* - Select the country of the contact from the drop-down list. ■ State - Select the state of the contact from the drop-down list. ■ District - Select the district of the contact from the drop-down list. ■ Mandal* - Select the mandal of the contact from the drop-down list. ■ Village - Select the village of the contact from the drop-down list. ■ Pin Code - Enter the pin code of the contact's residence area. ■ Mobile No - Enter the mobile number of the contact.

Field	Description (Continued)
Care Provider	Care provider is the person in the hospital who cares for the patient most often. This could be a doctor, a nurse, or other medical staff. ■ Name - Enter the name of the care provider. ■ Mobile No - Enter the mobile number of the care provider. ■ Address - Enter the address of the care provider. ■ Country - Select the country of the care provider from the drop-down list. ■ State - Select the state of the care provider from the drop-down list. ■ District - Select the district of the care provider from the drop-down list. ■ Mandal - Select the mandal of the care provider from the drop-down list. ■ Village - Select the village of the care provider from the drop-down list. ■ Pin Code - Enter the pin code of the care provider's residence area. ■ Phone No - Enter the phone number of the care provider.
Uploading Photo	The front office can add photo identification to the patient record. To add photo identification to patient: 1. Click <i>Choose File</i> and select the folder where the digital image of this patient is stored. 2. Select the image and click <i>Open</i>. 1. Click <i>Upload</i>.

Fields that are marked with an asterisk (*) are mandatory fields. The system does not enable the user to save the information until all mandatory fields are filled.

3. Click *Resister* to pre-register the patient.

A message box displays the successful completion of pre-registration with the pre-registration number.

4. Click *OK*.

The patient information entered in the Pre Registration window is saved to the hospital database.

Note: The front office can import the pre-registration information to the Registration window in order to register the patient to the hospital database. To import the pre-registration information to the Registration window, refer to [\[how can you do this?\]](#)

Accessing the Registration Card Reissue Window

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Registration Card Reissue

Registration card is issued to the patient after the patient is registered with the hospital. A registration card includes the registration number, UHID number, name of the patient, age, sex, date and time of registration. In case the patient loses the registration card or forgets to carry it to the hospital, upon request by the patient, the front office can re-issue the registration card to the patient.

To issue the registration card for the first time, refer to [Printing a Registration Card](#).

The screenshot shows a web application window titled "Patient Registration" with a sub-header "Registration Card Re-issue". The window contains several input fields for patient and payment information. The fields are arranged in a grid-like fashion. At the bottom right, there are five buttons: "New", "Save", "Print", "Card Print", and "Close".

Re-Issuing a Registration Card

Path: Main menu > OPD > Patient Registration > Transaction drop-down list > Registration Card Reissue

Re-issue a registration card from the Registration Card Re-issue window.

To re-issue the registration card:

1. From the Registration Card Re-issue window, search the patient with the patient's registration number or UHID number. Click somewhere outside the field in the Registration Card Re-issue window or press *Enter*.
The patient information displays.
2. Click *Save* to generate a billing receipt.

The bill contains the name and address of the hospital, bill number and date, patient information, mode of payment, receipt number, mode date, total bill amount, net amount, the amount paid by the patient, and the signature of the issuing authority.

3. To print the bill, click *Print*.

IMPORTANT! After a receipt has been printed, users can not modify the payment in the system.

4. To print the registration card, click *Card Print*.
The registration card is re-issued..

Generating Patient Registration Reports

Path: Main menu > OPD > Patient Registration > Reports drop-down list

eClinicalWorks provides a built-in report generating system in each module to access information about the hospital's entire patient population with different categories and filtering options. Patient Registration reports enable the users to generate different reports regarding registration by categorizing the total number of outpatients registered to the hospital database.

Note: The reports display in SAP crystal report format by default. Export the report to the local system in any of the available formats.

Generate the following reports from the Patient Registration window:

- [Running the Age Wise Details Report](#)
- [Running the Doctor Wise Details Report](#)
- [Running the Doctor Wise Summary Report](#)
- [Running the Referral Wise Summary Report](#)
- [Running the Registrations Revenue Report](#)
- [Running the Registration Details Report](#)
- [Running the Specialty Doctor Wise Summary Report](#)
- [Running the Specialty Wise Details Report](#)
- [Running the Sponsor Wise Summary Report](#)

Running Registration Reports

Path: Main menu > OPD > Patient Registration > Reports drop-down list > Registration Reports

The Registration Reports window is an one place destination for generating different reports regarding registration. The user can generate different reports directly from this window instead of navigating to different windows for different reports.

To generate the registration reports:

1. From the Registration Reports window, select the report to run from the Report Name drop-down list.
The filters for that report display. For more information about configuring each report's filters, refer to that report's section.
2. Click *Show Report*.
The report displays:

ABC Group Of Hospitals-DELHI
Registration Details Age Wise
 From: 14/01/2016 To: 14/01/2016

S.No.	UHID	Reg.No.	Date & Time	Patient Name	Age & Sex	Doctor Name
1	UHID799	GHR784	14/01/2016 10:29:12	Mr. Kiran	25 Y Y/M	Mr. Brahma Chary
2	UHID800	GHR785	14/01/2016 12:47:59	Mr. RAVI SHANKAR	70 Y Y/M	Dr. Anandi Ben
3	UHID801	GHR786	14/01/2016 15:25:13	Miss. Amritha umre	40 Y Y/F	Mr. Brahma Chary
4	UHID802	GHR787	14/01/2016 15:26:37	Mr. Paresb Rawal	56 Y Y/M	Dr. Anandi Ben

Gender Wise Totals

END OF REPORT

Pre Registration List

Path: Main menu > OPD > Patient Registration > Reports drop-down list > Pre Registration List

Generate a summarized report of the total number of patients pre registered in the hospital database during a specific time period.

To generate the pre-registration list:

1. From the Pre Registration List window, select the date range from the From Date and To Date drop-down calendars; click the Today button to select today's date.
2. Click *Show Report*.

The report displays:

Pre Registration List

- [Accessing the Enquiry Windows](#)
- [Accessing the Due Bills Window](#)
- [Accessing the Doctor Update Window](#)
- [Accessing the OP Credit Bills Window](#)
- [Accessing the OP Bill Update Window](#)
- [Accessing the OP Bill Services Refund Approval Window](#)
- [Accessing the OP Advance Window](#)
- [Accessing the OP Advance Refund Window](#)
- [Accessing the OP Bill Services Refund Window](#)
- [Accessing the OP Corporate Approval Window](#)
- [Accessing the OP Bill Receipt Cancel](#)
- [Accessing the MIS Details for Management Window](#)
- [Accessing the Service Check Up Window](#)
- [Accessing the OPD Bill Doctor Change Window](#)
- [Accessing the Referral Amount Settlement Window](#)
- [Accessing the Referral Account Window](#)
- [Accessing the Approval Level Window](#)
- [Accessing the OP Bill Discount Approval Window](#)
- [OP Billing Inventory](#)
- [Generating OP Billing Reports](#)

Accessing the OP Billing Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Billing

View patient bills, post patient payments, and print payment receipts from the OP Billing window in OP Billing.

For more information, refer to the following sections:

- Looking Up a Patient
- Patient Charges
- Posting a Patient Payment
- Printing a Patient Payment Receipt

The following table describes the areas in the OP Billing window:

Area	Description
1. Search filters	Search for the billing information for a specific patient.
2. Additional services fields	Manually add charges to the bill.
3. Charge fields	View and update individual charges.
4. Payment fields	Post patient payments.
5. Total bill fields	View and update the total bill and discount amounts.
6. Action buttons	Search for a new patient, save billing information, print a receipt, search for a patient's registration number, or register a new patient.

Looking Up a Patient

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Billing

Lookup a patient's registration number, and search for their billing information using the search filters in the OP Billing window.

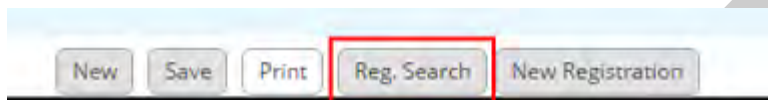

To look up a patient's billing information:

- From the OP Billing window, select one of the following radio buttons:
 - ◆ **R** - to search for regular outpatients
 - ◆ **U** - to search for urgent outpatients
- Enter the patient's unique registration number in the *Reg. No.* field.

OR

Search for the patient's registration number:

- Click the Reg. Search button:

The Registration Search window opens.

- From the Find Option section, select one of the following radio buttons:
 - **Exact** - to search for only patients with exact matches to the provided information
 - **Like** - to search for patients whose information is similar to the provided information
- Enter information in one or more of the following fields:

Field	Description
First	Enter the patient's exact first name, or a part of the first name.
Middle Name	Enter the patient's exact middle name, or a part of the middle name.
Last	Enter the patient's exact last name, or a part of the last name.
Mobile	Enter the patient's exact mobile number.
DOR	[date of registration?]
Mother Name	Enter the exact name of the patient's mother, or a part of the name.
OP Visit No	Enter the patient's OP visit number.

- Click *Search*:

 A screenshot of the 'Registration Search' window. It has a header 'Registration Search' and a 'Find Option' section with 'Exact' and 'Like' radio buttons. Below are input fields for 'First', 'Middle Name', 'Last', 'Mobile', 'DOR', 'Mother Name', and 'OP Visit No'. The 'OP Visit No' field contains the number '11'. At the bottom, there is a table header with columns: 'S.NO.', 'REG.NO.', 'REG.DATE', 'PATIENT NAME', 'MOTHER NAME', 'MOBILE NO.', 'AGE', and 'OPD VISIT NO.'. Below the header is a large empty area for results. At the bottom center, there are three buttons: 'Search', 'New', and 'Close'. The 'Search' button is highlighted with a red rectangular box.

The list of applicable patients displays.

- Click the registration number link in the Reg No column:

- f. Click *Close*.

The patient's information populates in the OP Billing window.

The following table describes the available patient information:

Field	Description
Patient Name	Displays the patient's name.
Age/Sex	Displays the patient's age (in years) and sex (Male or Female).
Approvals	[corporate approval?] For more information, refer to the Accessing the OP Corporate Approval Window section.
Sponsor	Displays the patient's sponsor information. [?]
Cons.	Displays the patient's consultant, if applicable.
[Referred by? Does this display?]	

Patient Charges

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Billing

Charges can be added, updated, or removed from a patient's bill from the OP Billing window.

Adding Charges

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Billing

Add charges from the OP Billing window.

To add charges to a patient's bill:

- From the OP Billing window, search for the patient.
The patient's information displays.
- From the *Referred By* drop-down list, select the provider that referred the patient.
OR
Add a new referring provider:

- a. Click the *R* icon.
An input window opens.
- b. In the Referral Name field, enter the name of the referring provider.
- c. In the Mobile No. field enter the provider's mobile number.
- d. Click *Save*:

The referral information is added.

3. From the Auth. By drop-down list, select the administrator who authorized the additional charge.
4. From the Department drop-down list, select department that performed the additional service.
5. Select one of the following radio buttons:
 - ◆ *Name* - to add a charge by the service name
 - ◆ *Code* - to add a charge by the service code
6. Begin to type the name or code in the text field.
The list of service names or codes that begin with the entered text display.
7. Select the service, and click *Submit*:

The new charge display:

S.N.	SERVICE NAME [CODE]	DOCTOR	UNIT	S.AMT	S.D(%)	S.D.AMT	D.AMT	D.D(%)	D.D.AMT	H.AMT	H.D(%)	H.D.AMT	NET AMT	S.P.AMT
1	Registration Fee (REGF)		1	300.00	0	0	300.00	0	0	300.00	0	0	300.00	0.00
2	ECG (PCAR001)	Vikas Bajaj Dr.	1	418.00	0	0	418.00	0	0	776.20	0	0	418.00	0.00

8. Click *Save*.
The service is added to the patient's bill.

Update an Existing Charge

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Billing

Update existing charges from the OP Billing window.

To update an existing charge:

1. From the OP Billing window, search for the patient.
The patient's information displays.
2. Update the following information in a charge line:

S.N.	SERVICE NAME [CODE]	DOCTOR	UNIT	S.AMT	S.D(%)	S.D.AMT	D.AMT	D.D(%)	D.D.AMT	H.AMT	H.D(%)	H.D. (AMT)	NET AMT	S.P.AMT	
1	Registration Fee [REGF]		1	100.00	0	0	0.00	0	0	100.00	0	0	100.00	0.00	X
2	ECG [PCAR001]	Vikas Bajaj E	1	418.00	0	0	41.80	0	0	376.20	0	0	418.00	0.00	X

Field	Description
Doctor	Select a new consulting physician from the drop-down list.
Unit	Enter the number of units received by the patient for this service.
S.AMT	Enter the service charge. .
■ S.D(%) ■ S.D.AMT	Apply a discount for the service charge by entering a percentage in the S.D(%) field or an amount in the S.D.AMT field.
D.AMT	Enter the doctor charge for this service.
■ D.D(%) ■ D.D.AMT	Apply a discount for the doctor charge by entering a percentage in the D.D(%) field or an amount in the D.D.AMT field.
H.AMT	Enter the hospital charge for this service.
■ H.D(%) ■ H.D.AMT	Apply a discount for the hospital charge by entering a percentage in the H.D(%) field or an amount in the H.D.AMT field.
NET AMT	Displays the final charge amount.
S.P.AMT	Displays the amount of the net charge that is sponsor payable.

3. Click **Save**.
The changes are saved.

Deleting a Charge

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Billing

Add charges from the OP Billing window.

To delete a charge:

1. From the OP Billing window, search for the patient.
The patient's information displays.
2. Click the delete (X) icon next to the charge line:

S.N.	SERVICE NAME [CODE]	DOCTOR	UNIT	S.AMT	S.D(%)	S.D.AMT	D.AMT	D.D(%)	D.D.AMT	H.AMT	H.D(%)	H.D. (AMT)	NET AMT	S.P.AMT	
1	Registration Fee [REGF]		1	100.00	0	0	0.00	0	0	100.00	0	0	100.00	0.00	X
2	ECG [PCAR001]	Vikas Bajaj E	1	418.00	0	0	41.80	0	0	376.20	0	0	418.00	0.00	X

The service is removed from the patient's bill.

3. Click **Save**.
The changes are saved.

Posting a Patient Payment

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Billing

Post a patient payment form the OP Billing window.

To post a patient payment:

1. From the OP Billing window, search for the patient.
The patient's information displays.
2. In the payment section:
 - a. Select the check box next to one of the following payment types:

SELECT	PAY TYPE	AMOUNT	CARD/CHEQUE	BANK	EXPIRY
☐	Cash	0.00			20/01/2018
☐	Credit Card	0.00			20/01/2018
☐	Debit Card	0.00			20/01/2018
☐	Cheque	0.00			20/01/2018

- **Cash** - to post a cash payment
- **Credit Card** - to post a credit card payment

- **Debit Card** - to post a debit card payment
 - **Cheque** - to post a check payment
- b. For card or check payments, enter the card or check number in the *Card/Cheque* field.
 - c. For card or check payments, select the bank from the *Bank* drop-down list.
 - d. For card payments, select the date that the card expires from the *Expiry* drop-down calendar.
 - e. Select the expiration date
3. Click *Save*.
The payment is posted.

Applying an Advance?

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Billing

Apply a patient's or company's advance payment to a bill from the OP Billing window.

To print a receipt:

1. From the OP Billing window, search for the patient.
The patient's information displays.
2. Check the box next to the Adv Amt field.
The amount of the charges up to the total advanced payment amount displays in the Adj. Amt. field, and the remaining balance (if any) displays in the Bal. Amt. field. The amount of the charges up to the total corporate approval amount displays in the first C. Approval field, and any remaining balance displays in the second C. Approval field.
[Is this true? If they have both a corporate approval and an advance does it take it from both? Which gets depleted first?]
3. Select a guarantor from the *Guarantor* drop-down list.
4. Enter any applicable remarks about the payment in the *Remarks* field.
5. Click *Save*.
The advance is applied.

Printing a Patient Payment Receipt

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Billing

Print a payment receipt for the patient from the OP Billing window.

To print a receipt:

1. From the OP Billing window, search for the patient.
The patient's information displays.

- Click the *Print* button.
The Print window opens with the generated receipt.
- Select the printing preferences, and click Print.
The receipt prints.

Accessing the Consultation Billing Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Consultation Billing

View patient bills, post patient payments, and print payment receipts from the OP Billing window in OP Billing.

For more information, refer to the following sections:

- Looking Up Consultation Appointments
- Posting a Patient Payment
- Printing a Payment Receipt

The screenshot shows the 'eClinicalWorks 10i' interface. The 'OP Billing' section is active, and the 'Consultation Billing' window is displayed. At the top, there are navigation tabs: 'Reports', 'Inventory', and 'Transactions'. Below these, the 'Consultation Billing' window has a search area with the following fields: 'Speciality' (Cardiology), 'Doctor Name' (Dr. Vikas Bajaj), 'From Date' (01/01/2016), and 'To Date' (21/01/2016). A 'Filter' button is located to the right of the date fields. Below the search area is a table with the following columns: 'APPT NO.', 'APP. DATE', 'APP. TIME', 'DOCTOR NAME', 'REG NO.', 'PATIENT NAME', 'AGE', 'SEX', and 'GO BILLING'. The table contains five rows of appointment data. A 'Filter' button is also located at the bottom right of the table area.

APPT NO.	APP. DATE	APP. TIME	DOCTOR NAME	REG NO.	PATIENT NAME	AGE	SEX	GO BILLING
VIKA1160116-3	16/01/2016	19:00:00	Dr. Vikas Bajaj	GHR615	Mr. Samuel Willis	48 Y	Male	Go Billing
VIKA1160116-2	16/01/2016	19:10:00	Dr. Vikas Bajaj	GHR615	Mr. Samuel Willis	48 Y	Male	Go Billing
VIKA1160116-1	16/01/2016	17:09:00	Dr. Vikas Bajaj	GHR615	Mr. Samuel Willis	48 Y	Male	Go Billing
VIKA1160116-1	19/01/2016	09:25:00	Dr. Vikas Bajaj	GHR615	Mr. Samuel Willis	48 Y	Male	Go Billing
VIKA1050116-1	05/01/2016	13:30:00	Dr. Vikas Bajaj	GHR613	Mr. A	25 Y	Male	CON115192

The following table describes the information available in this window:

Area	Description
1. Search filters	Search for bills by specialty, doctor, patient registration number or patient name, and date.
2. Appointment table	View appointment and billing information.
3. Filter button	Click to hide or show the filters.

Looking Up Consultation Appointments

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Consultation Billing

Look up billing information for consultation appointments from the Consultation Billing window.

To look up a patient's billing information:

1. From the Consultation Billing window, enter the following information in the search filters:

The screenshot shows the 'Consultation Billing' window with the following search filters:

- Speciality:** Cardiology (selected from a dropdown)
- Doctor Name:** (empty dropdown)
- Search By:** All (selected from a dropdown)
- From Date:** 01/01/2016 (selected from a calendar)
- To Date:** 21/01/2016 (selected from a calendar)
- Filter:** A blue button to execute the search.

Field	Description
Specialty	Select a clinical specialty from the drop-down list.
Doctor Name	Select a doctor's name form the drop-down list.
■ From Date ■ To Date	Select a date range from the drop-down calendars; click the <i>Today</i> button to select today's date. Note: Check the Ordered box to....[no idea]
Search By	Select one of the following options from the drop-down list: ■ <i>All</i> ■ <i>Registration No</i> - enter a specific patient's registration number in the search field ■ <i>Patient Name</i> - enter a specific patient's name in the search field

2. Click Filter.

The list of applicable consultation appointments displays.

The following table describes the information available from in the consultation appointment table:

Column	Description
APPT NO	Displays the unique appointment number.
APP.DATE	Displays the appointment date.
APP TIME	Displays the time of the appointment.
DOCTOR NAME	Displays the name of the consulting doctor.
REG NO	Displays the patient's registration number.
PATIENT NAME	Displays the patient's name.
AGE	Displays the patient's age.
SEX	Displays the patient's sex.

Column	Description
GO BILLING	Displays one of the following links: ■ <i>CON#</i> - click to print a receipt ■ <i>GO Billing</i> - click to view the charge information and post a patient payment

Posting a Patient Payment

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Consultation Billing

After searching for consultation billing appointments, post a patient payment from the Consultation Billing window.

To post a patient payment:

1. From the Consultation Billing window, search for the consultation appointment.
The appointment information displays.
2. Click the *Go Billing* link in the appointment row:

APPT NO.	APP DATE	APP TIME	DOCTOR NAME	REG NO	PATIENT NAME	AGE	SEX	GO BILLING
VBC	16/01/2016	19:00:00	Dr. [Name]	GHR	Mr. Samuel	48 Y	Male	CON
VBC	16/01/2016	19:10:00	Dr. [Name]	GHR	Mr. Samuel	48 Y	Male	Go Billing

The Consultation Billing window opens.

The following table describes the non-editable information in this window:

Field	Description
Reg No	Displays the patient's registration number.
Patient Name	Displays the patient's name.
Age	Displays the patient's age.
Sex	Displays the patient's sex.
Int.Referral	Displays the internal referring provider, if applicable.
Ext.Referral	Displays the external referring provider, if applicable.
Doctor	Displays the consulting provider.
App. No	Displays the appointment number.
Date	Displays the appointment date.
First Visit Follow up	- Indicates that this is the patient's first consultation appointment - Indicates that this is a follow up appointment
Service	Displays the consultation service provided to the patient.
Charges	Displays the total charge amount.

3. (Optional) Apply a discount to the patient's balance:

- ◆ Enter the discount amount in the *Disc. Amt.* field

OR

- ◆ Enter the discount percentage in the *Disc.(%)* field.

The total amount owed by the patient after the discount displays in the *Net* field.

4. From the *Type* drop-down list, select one of the following options:

- ◆ *Written* - [no idea]
- ◆ *Verbal* -
- ◆ *Telephonic* -

[Q - why doesn't the Bill No display? What happens if you can only post a partial payment. This doesn't let you see this window again after you've already posted a payment.]

5. (Optional) Select a different sponsor from the Sponsor drop-down list.
6. Select the administrator [?] that authorizes [... no idea] from the *Auth.By* drop-down list.
7. Enter the payment information:

SELECT	PAYMENT TYPE	AMOUNT	CARD/CHEQUE NO	BANK NAME	EXPIRY DATE
☒	Cash	50			21/01/2016
☒	Credit Card	670.00	111111111111		14/02/2017
☐	Debit Card	0.00			21/01/2016
☐	Cheque	0.00			21/01/2016
☐	Demand Draft	0.00			21/01/2016

- a. Check the box next to the type of payment.
 - b. In the *AMOUNT* column for that type of payment, enter the amount for that payment.
 - c. For card or check payments, enter the card or check number in the *CARD/CHECK NO* field.
 - d. For card or check payments, select the bank from the *BANK NAME* drop-down list.
 - e. For card [?] payments, select the card's expiration date from the *EXPIRY DATE* drop-down calendar.
 - f. (Optional) Repeat steps 7a - 7e to post additional payments from another source.
8. Click *Save*.
The payment is posted and the Print window displays.
 9. Click *Print*.
The receipt is printed.

Printing a Payment Receipt

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Consultation Billing

Print a payment receipt for an appointment on which the patient has already made a payment from the Consultation Billing window.

To print a payment receipt:

1. From the Consultation Billing window, search for the consultation appointment.
The appointment information displays.

- Click the **CON#** link in the appointment row:

APPT NO.	APP DATE	APP TIME	DOCTOR NAME	REG NO.	PATIENT NAME	AGE	SEX	GO BILLING
VKA1160116-3	16/01/2016	19:00:00	Dr. Vikas	GHR615	Mr. Samuel Willis	48 Y	Male	CON115193
VKA1160116-2	16/01/2016	19:10:00	Dr. Vikas	GHR615	Mr. Samuel Willis	48 Y	Male	CON115194

The Print window displays.

- Click **Print**.

The receipt is printed.

Accessing the Enquiry Windows

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Enquiry

The Out Patient Search, Doctor Available Timings, and Inpatient Search windows can be accessed from OP Billing.

Note: For more information about these windows, refer to the [Patient Enquiry](#) chapter.

Accessing the Due Bills Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Due Bills

View patient bills that are due, post patient payments, write off charges, and print payment receipts from the Due Bills window.

For more information, refer to the following sections:

- Looking Up Due Bills
- Posting a Patient Payment
- Writing Off a Charge
- Printing a Payment Receipt

The following table describes the information available in this window:

Area	Description
1. Search filters	Filter the due bills by date, bill number, registration number, or patient name.
2. Billing information	View billing information for due bills.
3. Export to Excel	Click to export the list to a CSV spreadsheet.
4. Sponsor Payable Amt.	Displays the total amount owed by sponsors.
5. Balance Amt.	Displays the total amount due.

Looking Up Due Bills

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Due Bills

Look up billing information for due bills from the Due Bills window.

To look up billing information:

- From the Due Bills window, select the *All* radio button to search all due bills.

OR

Search only due bills within a specific date range:

- Select the *Date Wise* radio button

Additional date fields display.

- b. Select the date range in the drop-down calendars, and click Filter:

2. Select one of the following from the drop-down list:

- ◆ *Bill No.* - to search by a specific bill number
- ◆ *Registration No.* - to search by a patient's registration number
- ◆ *Patient Name* - to search by a patient's name

3. Enter the bill number, registration number, or patient name.

The list of applicable due bills displays.

The following table describes the information available in the due bills list:

Column	Description
BILL NO	Displays the unique bill number. [Are the prefaces customizable? CON, OPB? Is there a list, do you want to include it?]
BILL DATE	Displays the date that the bill was generated.
REG.NO	Displays the patient's registration number.
TOTAL AMT	Displays the total amount charged.
PAID AMT	Displays the amount already paid, if applicable.
DISCOUNT AMT	Displays the discount amount, if applicable.

Column	Description
REFUND AMT	Displays the amount refunded to the patient, if applicable.
SPONSOR PAYABLE	Displays the amount owed by the patient's sponsor.
BALANCE AMT	Displays the total amount owed.

Posting a Patient Payment

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Due Bills

After searching for due bills, post a patient payment from the Due Bills window.

To post a patient payment:

1. From the Due Bills window, search for the patient's bill.

The billing information displays.

2. Click the *BILL NO* link in the bill row:

BILL NO	BILL DATE	REG.NO	TOTAL AMT	PAID AMT	DISCOUNT AMT	REFUNDAMT	SPONSOR PAYABLE	BALANCE AMT
CON115194	21/01/2016	GHR615	900.00	500.00	88.00	0.00	0.00	292.00
OPB115668	14/10/2015	GHR556	450.00	150.00	0.00	0.00	0.00	300.00

The Due Bill Details window opens.

The following table describes the information available in this window:

S.P.Amt.	Displays the amount owed by the patient's sponsor.

4. (Optional) Enter any notes about the bill or payment in the *Remarks* field.
5. Click Save.
The payment is posted and the Print window opens.
6. Click Print.
The receipt is printed.

Writing Off a Charge

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Due Bills

[I can't get this to work]

Printing a Payment Receipt

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Due Bills

[you can't print without saving anyway so what's the point of this button? In case you accidentally close??]

To post a patient payment:

1. From the Due Bills window, search for the patient's bill.
The billing information displays.
2. Click the *BILL NO* link in the bill row.
The Due Bill Details window opens.
3. Follow steps 3-6 in the [Posting a Patient Payment](#) section.
4. In the Due Bill Details window, click *Print*.
The Print window opens.
5. Click *Print*.
The receipt is printed.

Accessing the Doctor Update Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Doctor Update

Change the doctor assigned to a bill from the Bill/Request No. Wise Doctor Updating window.

For more information, refer to the [Updating Doctor Information for a Charge](#) section.

The following table describes the information available in this window:

Area	Description
1. Search filters	Filter the bills by outpatient or inpatient, and by date.
2. Billing information	View billing and patient information for bills.
3. Filter button	Click to show or hide the search filters.

Updating Doctor Information for a Charge

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Doctor Update

Change the doctor associated with a charge on a patient's bill from the Bill/Request No. Wise Doctor Updating window.

To update doctor information for a charge:

- From the Bill/Request No. Wise Doctor Updating window, select one of the following radio buttons:
 - OPD - search for outpatient bills only
 - IPD - search for inpatient bills only
- Select the date range from the *From Date* and *To Date* drop-down calendars; click the *Today* button to select today's date.

Note: Check the Ordered box to... [no idea]

- Click *Filter*.
The list of applicable bills displays.
- Click the bill number link in the BILL NO./DATE column:

S.NO.	BILL NO./DATE	REG. NO.	PATIENT NAME	SEX	SPONSOR	ENCODED BY
1	OPB115698 (20/01/2016)	GHR615	Mr. Samuel	M	CASH	Mr. Admin

Field	Description
1. Patient information	
◆ Bill No.	Displays the unique bill number.
◆ Bill Date	Displays the date the service was provided.
◆ Reg. No.	Displays the patient's unique registration number.
◆ Doctor	Displays the patient's consulting provider. [?]
◆ Sponsor	Displays the patient's sponsor.
◆ Name	Displays the patient's name.
◆ Age	Displays the patient's age.
◆ Sex	Displays the patient's sex
◆ Ref. By	Displays the patient's referring provider.
◆ Auth. By	Displays the [?]
2. Charge information	
◆ S.NO.	Displays the service number.
◆ SERVICE NAME	Displays the name of the service.
◆ UNIT	Displays the number of units for this service received by the patient.

Field	Description
◆ SER.AMT.	Displays the cost per unit for this service.
◆ DOC.AMT	Displays
■ S.AMT	Enter the total service charge. .
◆ S.D(%) ◆ S.D.AMT	Apply a discount for the service charge by entering a percentage in the S.D(%) field or an amount in the S.D.AMT field.
■ D.AMT	Enter the doctor charge for this service.
◆ D.D(%) ◆ D.D.AMT	Apply a discount for the doctor charge by entering a percentage in the D.D(%) field or an amount in the D.D.AMT field.
■ H.AMT	Enter the hospital charge for this service.
◆ H.D(%) ◆ H.D.AMT	Apply a discount for the hospital charge by entering a percentage in the H.D(%) field or an amount in the H.D.AMT field.
■ NET AMT	Displays the total charge, after any applied discounts.

5. In the service row, from the *DOCTOR* drop-down list, select the correct doctor who performed this service for the patient.
6. Click *Save* in the service row:

The new doctor information for this charge is saved.

7. Update additional charges, if applicable.
8. (Optional) Look up and update another bill:
 - a. Click *New*
 - b. The billing information clears.
 - c. Enter a new bill number in the *Bill No.* field and click the binoculars icon.
 - d. The new billing information displays.
 - e. Follow steps 5-7.
9. Click *Close*.

The doctor information is updated.

Accessing the OP Credit Bills Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Credit Bills

View outpatient sponsor bills, post sponsor payments, bill charges to patients, write-off bills, and print payment receipts from the OP Credit Bills window.

For more information, refer to the following sections:

- [Looking Up Credit Bills](#)
- [Posting a Sponsor Payment](#)
- [Converting a Charge to Patient Payable](#)
- [Writing Off a Charge](#)
- [Printing a Payment Receipt](#)

The following table describes the information available in this window:

Area	Description
1. Search filters	Filter the bills by sponsor and date.
2. Billing information	View billing and patient information.
3. Filter icon	Click to show or hide the search filters.

Looking Up Credit Bills

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Credit Bills

Look up sponsor billing information from the OP Credit Bills window.

To look up billing information:

1. From the OP Credit Bills window, select the sponsor from the *Sponsor* drop-down field.
OR
Leave the field blank to search all sponsor bills.
2. Select a date range from the *From Date* and *To Date* drop-down calendars to search only bills created within this range.

3. Click *Filter*:

The screenshot shows the 'OP Credit Bills' window in eClinicalWorks 10i. At the top, there's a navigation bar with 'OP Billing' and a 'Filter' button highlighted with a red box. Below the navigation bar, there are search filters for 'Sponsor', 'From Date' (01/01/2015), and 'To Date' (31/01/2015). The main area displays a table of bills. The table has the following columns: S.N., BILL NO./DATE, REG NO., PATIENT NAME, SEX, SPONSOR, BILL AMT., DISC.AMT., P.PAID, S. PAYABLE, and S. PAID. A single bill is listed with S.N. 1, BILL NO./DATE OPB114628 (30/01/2015), REG NO. GHR22, PATIENT NAME B Boy Gangadhar, SEX M, BILL AMT. 300.00, DISC.AMT. 0.00, P.PAID 0.00, S. PAYABLE 300.00, and S. PAID 0.00.

The list of applicable bills displays.

The following table describes the information available in this list:

Field	Description
S.N.	
BILL NO./DATE	Displays the unique billing number and the date the bill was created.
REG NO.	Displays the patient's registration number.
PATIENT NAME	Displays the patient's name.
SEX	Displays the patient's sex (M - Male, or F - Female).
SPONSOR	Displays the patient's sponsor.
BILL AMT	Displays the total bill amount.
DISC.AMT	Displays the applied discount amount, if applicable.
P.PAID	Displays the amount paid by the patient, if applicable.
S.PAYABLE	Displays the amount owed by the sponsor.
S.PAID	Displays the amount paid by the sponsor, if applicable.

Posting a Sponsor Payment

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Credit Bills

Post a sponsor payment from the OP Credit Bills window.

To post a sponsor payment:

1. From the OP Credit Bills window, search for the sponsor bill.

The list of applicable bills displays.

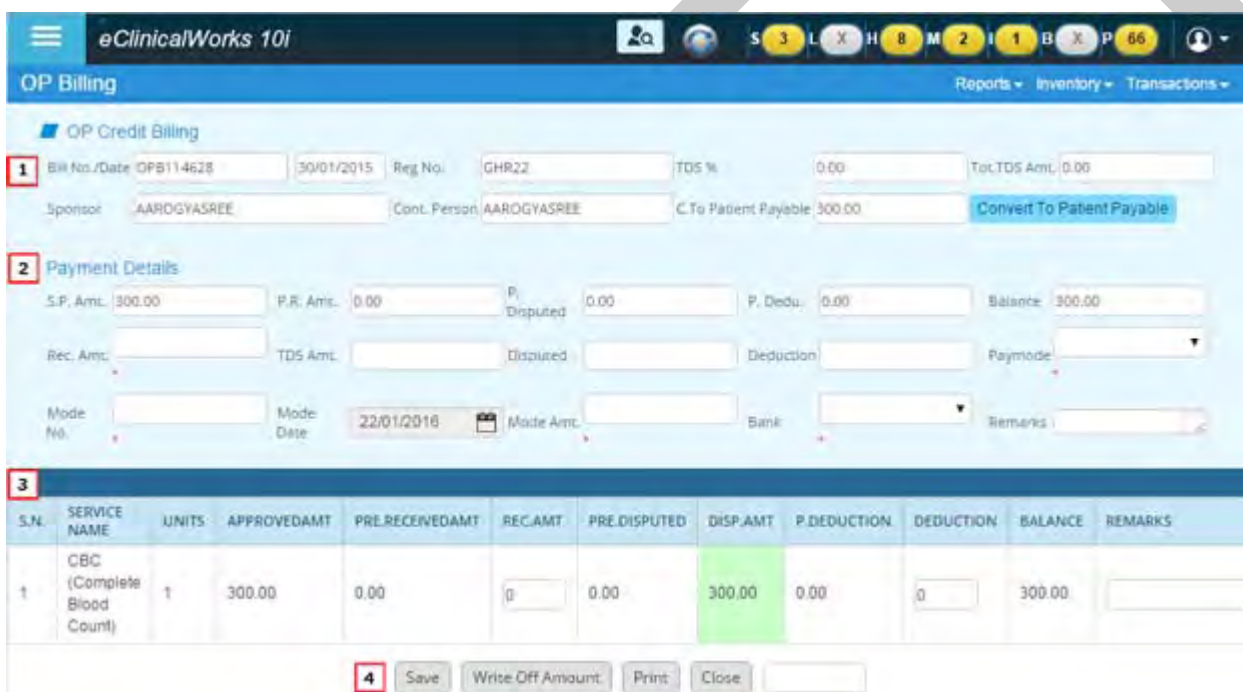

- Click the billing number link in the bill row:

S.N	BILL NO./DATE	REG NO.	PATIENT NAME	SEX	SPONSOR	BILL AMT.	DISC.AMT.	P.PAID	S. PAYABLE	S. PAID

C.To Patient Payable: 300.00 Convert To Patient Payable

[this worked oddly for me]

5.

Writing Off a Charge

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Credit Bills

Write off all or a portion of a charge from the OP Credit Bills window.

[can you only write off the whole thing?? what about part of the bill?]

To write off a charge:

1. From the OP Credit Bills window, search for the sponsor bill.
The list of applicable bills displays.
2. Click the billing number link in the bill row.
The OP Credit Billing window opens.
3. Click the *Write Off Amount* button.
A warning message displays.
4. Click *OK*.
The bill is written off.

Printing a Payment Receipt

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Credit Bills

Print a receipt for a sponsor payment from the OP Credit Bills window.

To post a sponsor payment:

1. From the OP Credit Bills window, search for the sponsor bill.
The list of applicable bills displays.
2. Click the billing number link in the bill row.
The OP Credit Billing window opens.
3. Click the *Print* button.
The Print window opens.
4. Click *Print*.
The receipt is printed.

Accessing the OP Bill Update Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Bill

View and update outpatient bills from the OP Bill Update window.

Looking Up a Payment

[I can't get this window to work, I have no information here]

Accessing the OP Advance Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Advance

View and update outpatient bills from the OP Bill Update window.

For more information, refer to the [Processing an Advance](#) section.

The screenshot shows the 'OP Advance' window in eClinicalWorks 10i. The window has a header bar with 'eClinicalWorks 10i' and a navigation bar with 'OP Billing'. The main area is divided into sections. Section 1 (red box) contains patient information fields: Reg No (GHR515), Date (25/01/2016), Name (Mr. Samuel Wills), Age (48 Y), Sex (Male), and Sponsor (CASH). Section 2 (red box) is a table for payment methods with columns: SELECT, MODE NAME, AMOUNT, MODE NO, BANK NAME, and EXP. DATE. The table lists Cash, Credit Card, Debit Card, Cheque, Demand Draft, and EFT, each with an amount of 0.00 and an expiration date of 28/01/2016. Section 3 (red box) is a receipt summary table with columns: RECEIPT NO, DATE, ADVANCE HEAD, ADVANCE AMT, ADJUSTED AMT, REFUNDED AMT, BALANCE AMT, SPONSOR NAME, and PRINT. The table shows a receipt for OPA11525 dated 15/01/2016 10:03PM, with an advance amount of 100, adjusted amount of 0, refunded amount of 0, and a balance amount of 100. Section 4 (red box) shows the total advance amount of 100.00, total adjusted amount of .00, total refunded amount of .00, and a balance amount of 100.00. Section 5 (red box) contains buttons for New, Save, Print, and Close.

The following table describes the information available in this window:

Area	Description
1. Patient information fields	Enter the patient's registration number to view additional patient information.
2. Payment fields	Post a new advanced payment from a patient.
3. Previous advance information	View any previously posted advanced payments for this patient.
4. Total advance information	View the total amount paid by the patient in advance, the total adjusted amount, any amount refunded to the patient, and any balance.
5. Action buttons	Search for a new patient, save any changes, print a receipt, or close the window.

Processing an Advance

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Advance

Process an advance payment from the OP Advance window.

To process an advance patient payment:

1. From the OP Advance window, enter the patient's unique registration number in the *Reg No.* field.

The following patient information displays:

Field	Description
Date	Displays today's date.
Name	Displays the patient's name.
Age	Displays the patient's age.
Sex	Displays the patient's sex (Male or Female).
Sponsor	Displays the patient's sponsor.

2. Enter the following information in the payment information section:

Column	Description
Select Payment Type	Select the check box next to one or more of the following payment types: ■ Cash ■ Credit Card ■ Debit Card ■ Cheque ■ Demand Draft ■ EFT
Amount	Enter the amount the patient is paying through the selected payment type.
Card/Cheque No	For credit cards, debit cards, or checks, enter the card or check number.
Bank Name	For credit cards, debit cards, or checks, select the name of the bank that issued the card or check from the drop-down list.
Expiry Date	For credit cards, debit cards, or checks, select the expiration date from the drop-down calendar.

3. Click *Save*.

The Receipt window opens, and the Print window opens.

4. Click *Print* to print the receipt.

The Receipt prints. The new advance payment displays in the previous advance information section. The following table describes the information available in this section:

Column	Description
Receipt No	Displays the receipt number for the payment.
Date	Displays the date that the payment was posted.
Advance Head	[?]
Advance Amt	Displays the amount paid.
Adjusted Amt	[?]
Refunded Amt	Displays any refunded amount. For more information about refunding advance payments, refer to the Accessing the OP Advance Refund Window section.
Balance Amt	Displays the amount, after any service, doctor, or hospital charges, that remains of the patient's advance payment.
Sponsor Name	Displays the sponsor information.
Print	Click to reprint a receipt for this payment.

The total advance information section displays the following information including the new advance payment:

Field	Description
Total Advance Amount	Displays the total amount paid by the patient in advance.
Total Adjust Amount	Displays the total amount adjusted.
Total Refund Amount	Displays the total amount refunded to the patient.
Balance Amount	Displays the total balance of the patient's advances.

- Click *Close* to close the window, or click *New* to process another advance payment.

The advance is processed.

Accessing the OP Advance Refund Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Advance Refund

View and update outpatient bills from the OP Bill Update window.

For more information, refer to the [Processing an Advance](#) section.

The screenshot shows the 'OP Advance Refund' window in eClinicalWorks 10i. The window is divided into several sections, each with a numbered callout:

- 1. Patient information:** Fields for Reg No. (GHE615), Date (28/01/2016), Name (Mr. Samuel Williams), Age (48 Y), Gender (Male), Sponsor (CASH), Type, Authorised By, and Receipt No. (OPA11525).
- 2. Receipt information:** A table with columns: RECEIPT NO., ADVANCE DATE, ADVANCE TYPE, ADVANCE AMT., ADJUSTED AMT., REFUNDED AMT., BALANCE AMT., and REFUND AMOUNT. The data row shows: OPA11525, 15/01/2016 10:03PM, OPD Advance, 100, 0, 20, 80, 0.
- 3. Refund information:** A table with columns: SELECT, MODE NAME, AMOUNT, CARD/CHEQUE NO., BANK NAME, and EXP. DATE. It lists 'Cash' and 'Cheque' with amounts of 0.00.
- 4. Balance information:** Fields for Total Amt. (0.00), Balance (0.00), Reason, and OPD Fee.
- 5. Action buttons:** Buttons for 'New', 'Save', and 'Close'.

The following table describes the information available in this window:

Area	Description
1. Patient information	Enter the patient's registration number to view additional patient information.
2. Receipt information	View advance payment information for the selected receipt number.
3. Refund information	Post a patient refund.
4. Balance information	View balance information.
5. Action buttons	Start a new refund, save changes, or close the window.

Processing an OP Advance Refund

Path: Main menu > OPD > OP Billing > Transaction drop-down list > OP Advance Refund

Process a refund for an advance patient payment from the OP Advance Refund window.

To process an OP advance refund:

Generating and Sending MIS Details

Path: Main menu > OPD > OP Billing > Transaction drop-down list > MIS Details for Management

Generate MIS details and e-mail them to management from the MIS Details for Management window.

To generate and send MIS details:

1. From the MIS Details for Management window, select a date from the *Date* drop-down calendar and click *Filter*.

The report is generated, the From Mail field automatically populates with the users e-mail address, and the Subject Field automatically populates with the name of the hospital.

Note: [info about how to set your e-mail address]

2. From the *To Mail* drop-down list, select the e-mail address to send this report.

Note: [info about how to set these e-mail addresses]

3. Click *Submit*.

The report is sent.

Accessing the Service Check Up Window

Accessing the OPD Bill Doctor Change Window

Accessing the Referral Amount Settlement Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Referral Settlement

[intro - I'm not really sure what this window does]

For more information, refer to the following sections:

- [Processing a Referral Settlement](#)
- [Exporting the Referral Amount Settlement List](#)

The following table describes the information available in this window:

Area	Description
1. Search filters	Filter the referrals by date, settlement status, and referring provider.
2. Referral information	Displays the referral, bill, and patient information.
3. Export to CSV icon	Click to export the list to a CSV spreadsheet.
4. Action buttons	Settle a refer by saving it, or close the window.

Processing a Referral Settlement

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Referral Settlement

Settle referral fees from the Referral Amount Settlement window.

To settle a referral:

- From the Referral Amount Settlement window, enter the following information in the search filters:

Field	Description
From Date and To Date	Select a date range from the drop-down calendars; click the Today button to select today's date. Note: Check the Ordered box to....[no idea]
Settlement status radio buttons	Select one of the following radio buttons: - Unsettled - to search only referrals that are unsettled - Settled - to search only referrals that are settled - Both - to search all referrals
Referred By	Select a referring provider from the drop-down list.

- Click *Filter*.

The list of applicable referrals displays, and the total amount of unsettled referral fees displays in the Total Amt field.

The following table describes the information available in this list:

Column	Description
RERFERRAL NAME	Displays the name of the referring provider.
BILL NO	Displays the unique bill identification number. All settled bills are highlighted in green and all unsettled bills are highlighted in blue.
DATE	Displays the date that the bill was generated.
STATUS	Displays the status of the referral (Settled or Unsettled).
PATIENT NAME	Displays the name of the patient.
TOTAL	Displays the total amount of the bill.
REFERRAL AMT	Displays the amount of the referral fee.

3. Check the boxes next to the referrals to be settled.
The Selected Amt field displays the total referral fees selected.
4. Click *Save*.
The referrals are settled.

Exporting the Referral Amount Settlement List

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Referral Settlement

Export the list of referral fees from the Referral Amount Settlement window.

To settle a referral:

1. From the Referral Amount Settlement, search for a selected doctor's referrals.
The list of applicable referrals displays.
2. Click the Export to CSV icon.
The list is exported.

Accessing the Referral Account Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Referral Account

Export the list of referral fees from the Referral Amount Settlement window.

For more information, refer to the following sections:

- [Displaying Referrals](#)
- [Exporting the Referrals List](#)

4 New Save Close

The following table describes the information available in this window:

Area	Description
1. Approval information	View, add, and update approval level information.
2. Approver information	View, add, and update level approvers.
3. Approval level list	View existing approval levels.
4. Action buttons	Create a new approval level, save approval level information, or close the window.

Creating a New Approval Level

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Approval Level

Create and maintain the list of approval levels from the Approval Level window.

To create a new approval level:

- From the Approval Level window, enter the following information in the approval information section:

Field	Description
Module	Select a department from the drop-down list.
- Amount From - Amount To	Enter a cost range for which the new approval requirements are applicable.
Approval Level	Select the number of approvers that are required to approve this charges in this range.

2. In the Level - 1 row, identify the approver by selecting their department and name from the *Department* and *Employee* drop-down lists.
3. Repeat step 2 for each level required for this amount range.
4. Click *Save*.

The new approval level is created and displays in the approval level list.

The following table describes the information available in this list:

Inactivating an Approval Level

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Approval Level

Create and maintain the list of approval levels from the Approval Level window.

To inactivate an approval level:

1. From the Approval Level window, select a department from the Module drop-down list.
The list of existing approval levels displays.
2. Click the Inactive link in the row of an active approval level.
A warning message displays.
3. Click *OK*.
The level is inactivated.

Accessing the OP Bill Discount Approval Window

Path: Main menu > OPD > OP Billing > Transaction drop-down list > Bill Discount Approval

[I can't get this window to work]

OP Billing Inventory

Path: Main menu > OPD > OP Billing > Inventory drop-down list >

[how are all of these things related to billing? why would billing want to access this?]

For more information, refer to the following sections in the V10 INT Stores Users Guide:

- *Accessing the Items Mapping Window*
- *Accessing the Batch Wise Stock Details Window*
- *Accessing the Purchase Indent Window*
- *Accessing the Store Receipts Window*

- Accessing the Purchase Indent Approval Window
- Accessing the Manual Indent Issues Window
- Accessing the Manual Indent Returns Window
- Accessing the Self Consumptions Window
- Accessing the Indent to Store Approval Window

Generating OP Billing Reports

Path: Main menu > OPD > OP Billing

The following reports can be run from OP Billing:

- Running the Out Standing Bill Receipt Details Report
- Running the PMD -Department Wise Report
- Running the OP Transactions Reports
- Running the Refunds Summary Report
- Running the Store Ledgers Reports
- Running the IP-OP Collection Summary Report
- Running Collection Details User Wise Reports
- Running Doctor Wise Revenue Reports
- Running Canceled Receipt Details Reports
- Running OP-IP Discount Details and Summary Reports
- Running Doctor Wise Collection Reports
- Running OP Sponsor Wise Due Collection Details Reports
- Running OP Packages Bill Details Reports
- Running OP Collection and Refund Reports
- Running Corporate Approved Bill Details Reports
- Running Corporate Approval Letters Reports
- Running OP Billing Write Off Details Reports

Running the Out Standing Bill Receipt Details Report

Running the PMD -Department Wise Report

Path: Main menu > OPD > OP Billing > Reports drop-down list > PMD Report - Department Wise

The PMD report displays the number of each service performed within the selected department.

To run the report:

1. From the PMD Report - Department Wise window, select the date range from the From Date and To Date drop-down calendars; click the Today button to select today's date.
2. Check the box next to the departments to include in the report.

OR

Check the box next to the Department Name column to include all departments.

3. Click Show.

The report displays:

ABC Group Of Hospitals-DELHI
Venus Atlantis, 100 ft Road, Prashadnagar

Department Wise Services
From Date: 01/01/2016 To Date: 30/01/2016

Department Name	Service Name	Total OP	Total IP	Total OP & IP
Jan (2016)				
Cardiology				
Cardiology Consultation	Cardio Consultation-Senior	23	0	23
Cardiology IP Package	My Test Package	0	2	2
Cardiology Procedure	Master Health Check(Male)	1	0	1
Cardiology Surgery	Cardiovascular surgery	0	2	2
Grand Total OP: 24		Grand Total IP: 2		Grand Total OP&IP: 29

Running the OP Transactions Reports

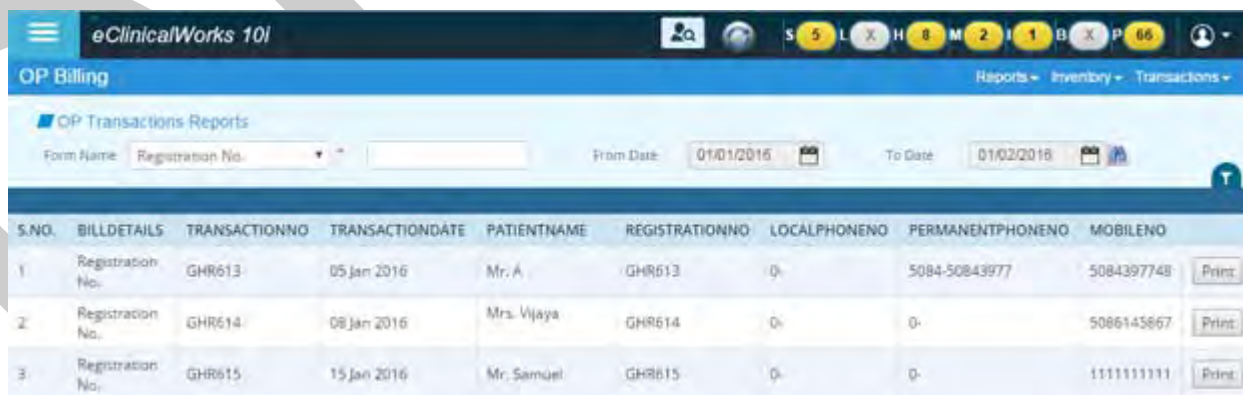

Path: Main menu > OPD > OP Billing > Reports drop-down list > OP Transactions Reports

The OP Transactions reports display the list of transactions within the selected date range for the selected transaction type.

To run the report:

- From the OP Transactions Reports window, select one of the following transaction types from the Form Name drop-down list.
 - Bill No. - to display [generated bills? - I'm not really sure what any of these show]
 - Registration No. -
 - Advance -
 - Refund Against Advance -
 - Refund Against O.P. Bills -
 - Consultation Bills -
 - Dr. Appointment Receipt -
 - Dr. Module Investigation Report -
 - Dr. Module Drug Request -
 - Cancel Receipt -
 - Credit Bill Receipt -
 - Due Bill Receipt -
 - Advance Booking Receipts -
- Select the date range from the From Date and To Date drop-down calendars; click the Today button to select today's date.
- Click the binocular search icon.

The list of applicable transactions displays:

S.NO.	BILLDETAILS	TRANSACTIONNO	TRANSACTIONDATE	PATIENTNAME	REGISTRATIONNO	LOCALPHONENO	PERMANENTPHONENO	MOBILENO	
1	Registration No.	GHR613	05 Jan 2016	Mr. A	GHR613	0-	5084-50843977	5084397748	Print
2	Registration No.	GHR614	08 Jan 2016	Mrs. Vijaya	GHR614	0-	0-	5086145867	Print
3	Registration No.	GHR615	15 Jan 2016	Mr. Samuel	GHR615	0-	0-	1111111111	Print

The following table describes the information available in this list:

Column	Description
S.No	
BILDETAILS	Displays the type of transaction [?].
TRANSACTIONNO	Displays the transaction identification number.
TRANSACTIONDATE	Displays the date that the transaction occurred.
PATIENTNAME	Displays the name of the patient.
REGISTRATIONNO	Displays the patient's unique registration number.
LOCALPHONENO	Displays the patient's local phone number.
PERMANENTPHONENO	Displays the patient's permanent phone number.
MOBILENO	Displays the patient's mobile phone number.

- Click Print in a transaction row to print a receipt for that transactions.

Running the Refunds Summary Report

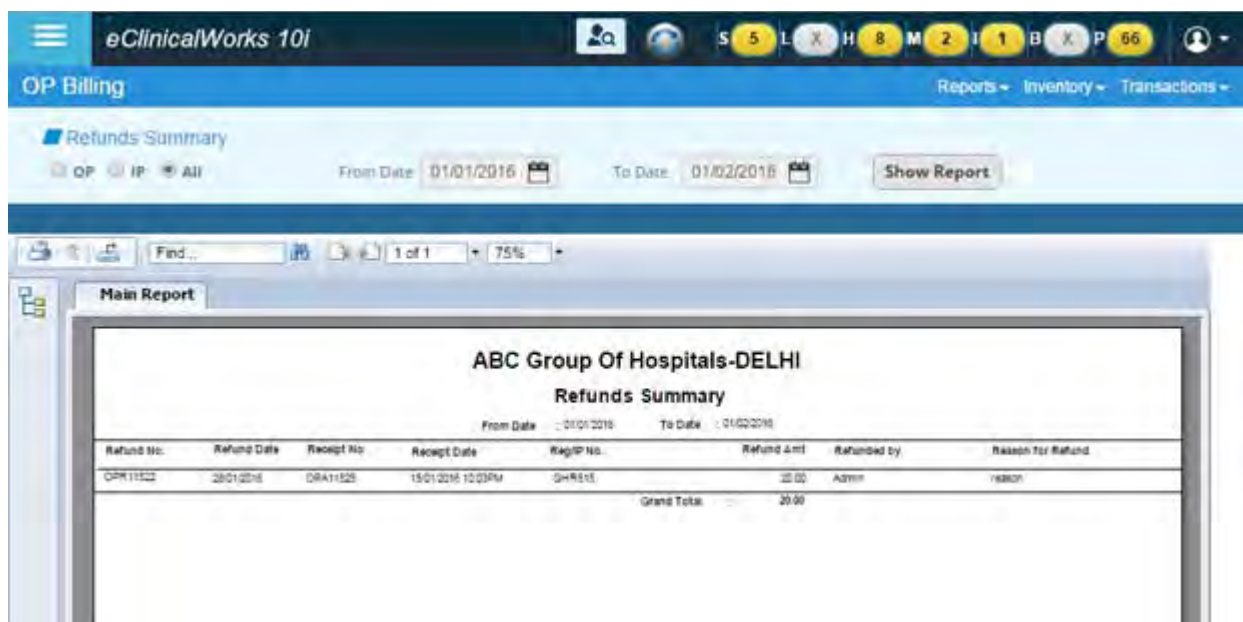

Path: Main menu > OPD > OP Billing > Reports drop-down list > Refunds Summary

The PMD report displays the number of each service performed within the selected department.

To run the report:

- From the Refunds Summary window, select one of the following radio buttons:
 - ♦ *OP* - To display only outpatient refunds
 - ♦ *IP* - To display only inpatient refunds
 - ♦ *All* - To display all refunds
- Select the date range from the *From Date* and *To Date* drop-down calendars; click the Today button to select today's date.
- Click *Show Report*.

The report displays:

Running the Store Ledgers Reports

Path: Main menu > OPD > OP Billing > Reports drop-down list > Store Ledgers

The Item Ledger in Excel Format, Stock Ledger with Value, Item Ledger, and ABC Analysis reports can be run from OP Billing. For more information about running these reports, refer to the [\[stores book\]](#).

Running the IP-OP Collection Summary Report

Path: Main menu > OPD > OP Billing > Reports drop-down list > IP/OP Collection Summary

The IP/OP Collection Summary report displays collection information for the selected doctors and sponsors.

To run the report:

1. From the IP/OP Collection Summary window, set the following search filters:

Filter	Description
■ IPD ■ OPD ■ Both	Select a radio button to view the collections information for inpatient only, outpatient, or all collections.
From Date and To Date	Select a date range from the drop-down calendars; click the Today button to select today's date. Note: Check the Ordered box to.... [no idea]
User Name	From the drop-down list, select All to view collections for all users, or select a specific user to view collections information for that user only.

Filter	Description
Sponsor	From the drop-down list, select All to view collections for all sponsors, or select a specific sponsor to view collections information for that sponsor only.

- Click the binoculars search icon.

The report displays:

The screenshot shows the eClinicalWorks 10i interface. The top navigation bar includes 'OP Billing' and 'Reports'. The main content area displays the 'IPD/OP Collection Summary' report for 'ABC Group Of Hospitals-DELHI'. The report is filtered by 'Sponsor: CASH' and 'From Date: 01/01/2015' to 'To Date: 01/02/2016'. The report table lists various users and their collection details.

PATIENT ENQUIRY

Path: Main menu > OPD > Patient Enquiry

The Patient Enquiry window allows the user to search a patient using different criteria. When a patient arrives the hospital, use the Patient Enquiry window to search the patient and access the Patient Registration window of the same patient.

When a patient arrives the hospital and forgets to carry the assigned registration number and UHID number, use the Patient Enquiry window to:

- Accessing Patient Registration window
- Make an appointment for the patient
- Resolve a question about the status of patient's account or prescription history

For more information about the Patient Enquiry window, refer to the following sections:

- [Accessing the Outpatient Enquiry Window](#)
- [Accessing the Inpatient Enquiry Window](#)
- [Accessing the Doctor Available Timings Window](#)
- [Accessing the OP-IP Tariff Enquiry Window](#)

Accessing the Outpatient Enquiry Window

Path: Main menu > OPD > Patient Enquiry > Transaction drop-down list > Enquiry > Out Patient Search

An outpatient is the one that visits the hospital to consult a doctor, but does not get admitted. Patient Enquiry window provides different search criteria to locate specific outpatients. Use the available options in the Patient Enquiry window to locate specific outpatients.

The following table describes major areas of the Patient Enquiry window:

	Area	Description
1.	Filters	Provides search criteria to locate specific patients. For more information, refer to Searching for an Outpatient. Click the filter icon  on the top right of the window to hide the filter options and view the list in full-screen (optional).
2.	Column Headings	The following describes the column headings from left to right. ■ REG.NO. - Patient's registration number ■ UHID NO. - Patient's UHID (unique health Identification) number ■ D.O.R - Date of registration ■ PATIENT NAME - Shows Patient's name ■ AGE - Patient's age ■ MOTHER Name - Shows name of patient's mother ■ DOCTOR NAME - Shows name of patient's doctor. The doctor could be one or a list of doctors, depending upon the total number of doctors with whom the patient has booked appointments as of today ■ MOBILE NUMBER - Shows patient's mobile number ■ UID - Shows UID (Unique Identification Number) of the patient (if available).
3.	Refined List	The refined list of patients.

Note: In the filtered list, REG.NO and PATIENT NAME columns are hyper links. Click the REG.NO or PATIENT NAME to navigate to the patient registration window.

Searching for an Outpatient

Path: Main menu > OPD > Patient Enquiry > Transaction drop-down list > Enquiry > Out Patient Search

Refine the search of an outpatient by setting the filtering options.

To search for an outpatient:

1. Click the drop-down list in the *Find Options* field and select one from the available options (Like, Exact, or Age Wise). Age Wise option enables user to search a refined list of patients having the same age, in-between ages, higher age, or lower age.
 2. Click the drop-down list in the *Field Name* field and select one from the following search criteria:
 - Patient Name
 - UHID No.
 - Registration No.
 - Registration Date
 - Date of Birth
 - Mother Name
 - Father Name
 - Mobile
 - Permanent Phone No.
 - Local Phone No.
 - City
 - Area
 - Doctor Name
 - SSN
 - Pan Card
 3. Enter the information in the last field accordingly to search the patient.
 4. Click *Filter*.
- The refined list of patients displays.

Accessing the Inpatient Enquiry Window

Path: Main menu > OPD > Patient Enquiry > Transaction drop-down list > Enquiry > Inpatient Search

An inpatient is the one that gets admitted in the hospital and occupies a bed. Patient Enquiry window provides different search criteria to locate specific inpatients. Use the available options in the Patient Enquiry window to locate specific inpatients.

[what's the point of the outpatient lookup window if you can look up outpatients in this window too?]

To find an inpatient:

1. From the left navigation pane, click the *OPD* band and then click *Patient Enquiry*.
The Out Search Patient Enquiry window opens by default.
2. From the Transaction drop-down, click *Enquiry* and click *Inpatient search*.

OR

Click the Patient Lookup Icon on the top of the eClinicalWorks 10i software:

The Patient Lookup window opens:

The screenshot shows the eClinicalWorks 10i Patient Lookup window. At the top, there is a search bar with a filter icon (1). Below the search bar is a table of patient records. The table has the following columns: IPNO., D.O.A., D.O.D., REGNO., PATIENT NAME, AGE, WARD, BED CATG., BED NO., DOCTOR NAME, STATUS, ADMITTED, EMR, and TIMELINE. The table contains several rows of patient data. At the bottom, there is a legend for patient status (Admitted, Discharge, Deceased) and a box for 'No. of Results' (10) and 'Total Records' (6).

The following table describes major areas of the Patient Lookup window:

	Area	Description
1.	Filters	Provides search criteria to locate specific patients. For more information, refer to Searching for an Inpatient. Click the filter icon  on the top right of the window to hide the filter options and view the list in full-screen (optional).
2.	Column Headings	The following describes the column headings from left to right. ■ IPNO. - The number of the patient. Click the IPNO. hyper link to navigate to the <i>Patient Details</i> window. ■ D.O.A. - date of admission of the patient to the hospital. ■ D.O.D - Date of dispatch of the patient. ■ REGNO. - Patient's registration number. ■ PATIENT NAME - Shows Patient's name. ■ AGE - Patient's age. ■ WARD - Shows the ward details of the patient. ■ BED CATG. - The bed category of the patient. ■ BED NO. - The bed number of the patient. ■ DOCTOR NAME - Shows name of patient's doctor. The doctor could be one or a list of doctors, depending upon the total number of doctors with whom the patient has booked appointments as of today. ■ STATUS - Shows the status of the patient. ■ ADMITTED - ■ EMR - ■ TIMELINE -
3.	Refined List	The refined list of patients.

	Area	Description
4.	Navigations and color codes	■ No. of Result - List the number of filtered sponsors. ■ Total Records - Use the <<Prev and Next>> buttons to page through the list. ■ Color Codes - to categorize the status of patients displayed in the list. The status of the patient displays one of the following colors: ◆ Green - Admitted ◆ Yellow - Intimation ◆ Red - Discharged

3. Click *Filter*.

The patients that match the selected criteria displays.

Note: Click the New Patient button to register a new patient in the hospital database. For more information about registering a new patient, refer to [Creating or Editing a Patient Record](#).

Searching for an Inpatient

Path: Main menu > OPD > Patient Enquiry > Transaction drop-down list > Enquiry > Inpatient Search

Refine the search of an inpatient by setting the filtering options.

To search for an inpatient:

1. To filter results by patient type (IP, OP, or Both), select a type from the *IP/OP* drop-down.
1. Click the drop-down list in the *Find Options* field and select one from the available options (Like, Exact, or Age Wise). Age Wise option enables user to search a refined list of patients having the same age, in-between ages, higher age, or lower age.
2. Click the drop-down list in the *Field Name* field and select one from the following search criteria:

■ Patient Name	■ Registration Date
■ IP No.	■ Mobile
■ Date of Admission	■ Permanent Phone No.
■ Date of Birth	■ Local Phone No.
■ Doctor Name	■ City
■ Ward	■ Area
■ Bed Category	■ SSN
■ UHID NO.	■ Pan Card
■ Registration No.	■
3. Enter the information in the last field accordingly to search the patient.
4. Click *Filter*.

The refined list of patients displays.

Accessing the OP-IP Tariff Enquiry Window

Path: Main menu > OPD > Patient Enquiry > Transaction drop-down list > Tariff Enquiry

eClinicalWorks provides access to administrators to prepare tariffs for different services available in the hospital. The tariff is an amount that the patients needs to pay when they avail a service in the hospital.

For more information about fixing tariffs, refer to [\[crossref to admin book\]](#)

The following table describes major areas of the Patient Lookup window:

	Area	Description
1.	Filters	Filter the search results by sponsor, service, and department information. Click the filter icon  on the top right of the window to hide the filter options and view the list in full-screen.
2.	Column Headings	Displays Service name, service charge, doctor charges, doctor percentage, effective date of service charge, and bed category. The Delete option enables the user to remove the tariff information of a service from the list.
3.	List	The refined list of services along with the service charge.
4.	New	Click <i>NEW</i> to check the tariff for a different service.
	Close	Click <i>Close</i> to close the Tariff Enquiry window and return to the home page.

Note: To add an other service to the list, enter the service name in the *Service Name* field and click *Filter*. The service name is added to the list and the total service charge displays.

Searching for a Tariff

Path: Main menu > OPD > Patient Enquiry > Transaction drop-down list > Tariff Enquiry

Search for a specific tariff from the OP/IP Tariff Enquiry window.

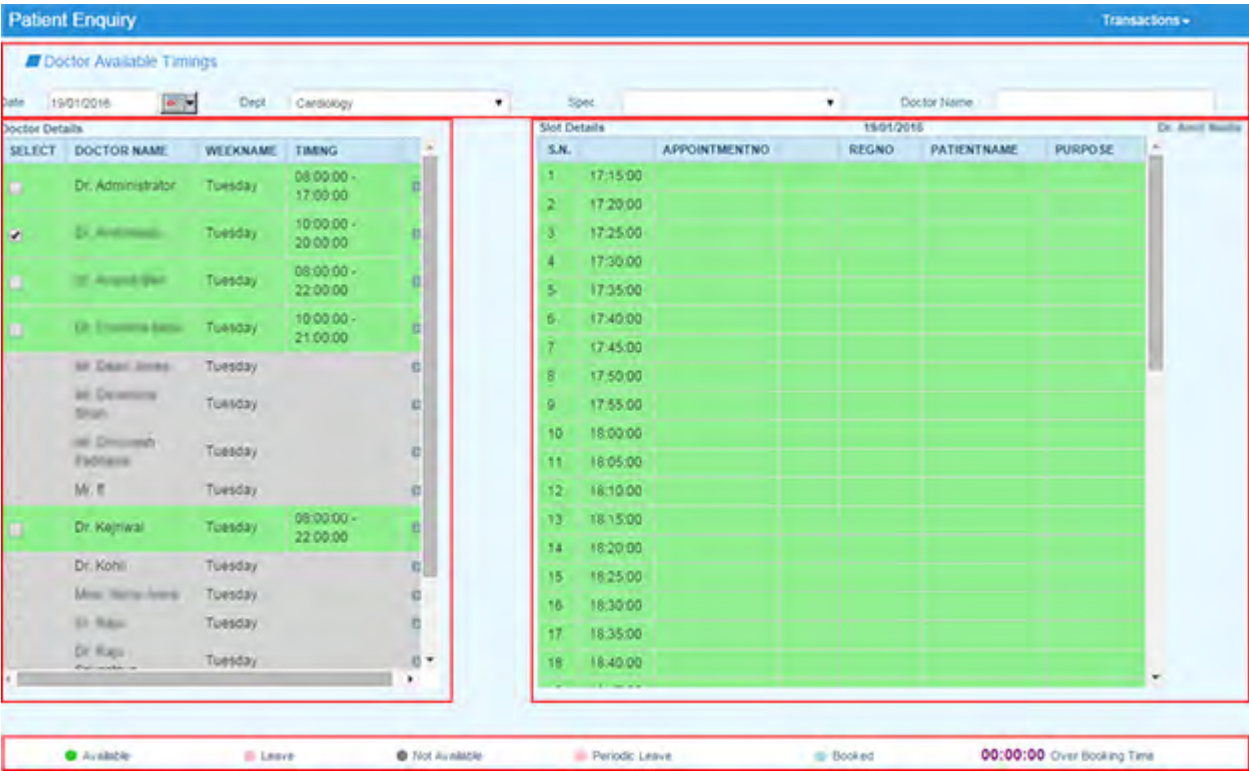

To search for a tariff:

1. Set the following filters to view the tariff for a service:
 - ◆ **OPD** - Select this button to check the tariff for outpatients.
 - ◆ **IPD** - Select this button to check the tariff for inpatients.
 - ◆ **Sponsor** - Select a sponsor from the drop-down list.
 - ◆ **Service Type** - Select a service type from the drop-down list.
 - ◆ **Department** - Select a department type from the drop-down list.
 - ◆ **Sub. Dept** - Select a sub department type from the drop-down list.
 - ◆ **Billing Catg.** - This field is auto selected as *StandardOPCategory*.
 - ◆ **Service Name** - Enter a service name to check the tariff.
2. Click *Filter*.
The refined list displays.

Accessing the Doctor Available Timings Window

Path: Main menu > OPD > Patient Enquiry > Transaction drop-down list > Enquiry > Doctor Available Timings

Look up the schedule of a doctor for each day from Patient Enquiry window.

Looking Up a Provider’s Schedule

Path: Main menu > OPD > Patient Enquiry > Transaction drop-down list > Tariff Enquiry

Look up a provider’s schedule from the Doctor Available Timings window.

To look up a provider’s schedule:

- 1. Apply the filters to check the schedule of a doctor as described in the following table:

Filter	Function
Date	Select a date from the calendar drop-down..
Dept	Select a department of the doctor from the drop-down list.
Spec	Select a the specification of the doctor from the drop-down list.
Doctor Name	Enter the doctor’s name to view the schedule.

The doctor’s name or the list of doctors matching the selected criteria displays.

- 2. Click the  icon next to the doctor’s name to view the doctor’s working hours (optional).

3. Check the box next to doctor's name to view the doctor's schedule.

The doctor's schedule for the selected date displays on the right side of the window in the following colors:

- ◆ Green - Indicates the doctor's available slots.
- ◆ Light pink - Indicates that the doctor is on leave.
- ◆ Grey - Indicates that the doctor is not available.
- ◆ Dark Pink - Indicates that the doctor is on periodic leave.
- ◆ Blue - Indicates the booked slots for the doctor.

Note: Over Booking Time indicates the total time the appointments are extended on the selected date. The patients are charged extra for extending the appointment time.

For more information about fixing the schedule for the doctor, refer to

DOCTOR APPOINTMENT

Path: Main menu > OPD > Doctor Appointment

This section describes how to set up a doctor's schedule and how to establish patient visits in that schedule. Access the Doctor Appointment window from the OPD band in the left navigation panel.

For more information about the Doctor Appointment window, refer to the following sections:

- [Configuring Masters](#)
- [Accessing the Doctor Appointment Window](#)
- [Accessing the Doctor Appointment SMS Resend Window](#)
- [Accessing Appointment Reassign/Cancel Window](#)
- [Generating Appointment Reports](#)

Configuring Masters

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list

The masters dashboard on the Doctor Appointment window enables the user to fix the schedules for different purposes for the doctors.

For more information about configuring masters, refer to the following sections:

- [Accessing the Doctor Wise Periodic Time Fixing Master](#)
- [Accessing the Leave Entry Master](#)
- [Accessing the Doctor Charges Fixing Sponsor Wise Master](#)
- [Accessing the Shift Master](#)
- [Accessing the Doctor Wise Follow Up Days Fixing Master](#)
- [Accessing the Doctor Wise Slot Fixing Master](#)
- [Accessing the Shift Wise Doctors Fixing Master](#)

Accessing the Doctor Wise Periodic Time Fixing Master

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Wise Periodic Time Fixing

Fix a schedule for normal working hours and block out time for breaks or other out-of-office events for doctors to simplify the process of booking appointments.

For More information about the Doctor Periodic Timings window, refer to the following sections:

- [Fixing the Doctor Wise Periodic Times](#)
- [Inactivating Existing Working Hours](#)
- [Exporting Working Hours](#)

SL NO.	WEEK NAME	FROM TIME	TO TIME	STATUS	
1	Sunday	00:00	10:00	Active	Inactivate
2	Monday	00:00	10:00	Active	Inactivate
3	Tuesday	00:00	10:00	Active	Inactivate

Fixing the Doctor Wise Periodic Times

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Wise Periodic Time Fixing

Fix the doctor's schedule from the Doctor Wise Periodic Time Fixing window.

To fix doctor wise periodic time:

1. From the Doctor Periodic Timings window, click *New*.
2. Apply the filters as described in the following table to add a new schedule for a doctor:

Filter	Function
Doctor	Select the name of the doctor from the drop-down list.
Week Day	Select either <i>All</i> or a particular day from the drop-down list to fix the schedule.
From Time	Select the time from the drop-down list in hour and minutes format.
To Time	Select the time from the drop-down list in hour and minutes format..

3. Click *Save*.

The working schedule of the selected doctor is fixed for a specific day of the week or for the entire week.

4. Select an other day from the *Week Day* drop-down list and repeat the steps to fix working schedule for other days of the week.

The working schedule of the selected doctor is fixed.

Inactivating Existing Working Hours

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Wise Periodic Time Fixing

Inactivate previously created working hours of a doctor from the *Doctor Periodic Timings* window. There might be a case when a doctor is not available on a particular day or number of days. The user can inactivate the working hours of a doctor for that particular day or number of days.

To inactivate existing working hours of a doctor:

1. From the Doctor Wise Periodic Time Fixing window, select the name of the doctor from the *Doctor* drop-down list.

The working hours of the selected doctor displays in the grid.

2. Click *Inactive* on the right side of the working hour of each day to inactivate the working hour for a particular day or number of days:

SL.NO.	WEEK NAME	FROM TIME	TO TIME	STATUS	
1	Sunday	00:00	10:00	Active	InActive
2	Monday	00:00	10:00	Active	InActive
3	Tuesday	00:00	10:00	Active	InActive

The working hour of a particular day or number of days is inactivated for the selected doctor.

Exporting Working Hours

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Wise Periodic Time Fixing

The user can export the working hour details of the doctor to the local system in Microsoft® Excel®, PDF, or Microsoft® Word® format.

To export the working hour details of the doctor:

1. From Doctor Wise Periodic Time Fixing window, enter the details as described in [Accessing the Doctor Wise Periodic Time Fixing Master](#) section.
2. Click any of the following icon on the right side of the window to export the working hour details of the doctor:

The working hour details of the specific doctor is exported to the local system.

The file includes the following data elements:

- Employee ID
- Doctor Name
- Week Day
- Week Name
- Start Time
- End Time
- Status Desc
-

Accessing the Leave Entry Master

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Leave Entry

When determining the working hours for a doctor, use the Doctor Leave window to configure a leave period for the doctor, which overrides the existing working hour and shows the nonavailability of the doctor during the leave period.

For more information, refer to the following sections:

- [Configuring a Leave Entry for a Doctor](#)
- [Inactivating a Leave](#)
- [Exporting Leave Details](#)

SL.NO.	LEAVE TYPE	REASON	FROM DATE	TO DATE	FROM TIME	TO TIME	STATUS
1	Period Wise	leave	20/01/2016	20/01/2016	00:00	23:55	InActive
2	Date Wise	leave	21/01/2016	27/01/2016	00:00	23:55	InActive

Configuring a Leave Entry for a Doctor

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Leave Entry

Configure a leave period for the doctor from the Doctor Leave window.

To configure a leave entry for the doctor:

1. From the Doctor Leave window, click *New* and apply the filters as described in the following table to add a new schedule for a doctor:

Filter	Function
Doctor	Select the name of the doctor from the drop-down list.

Filter	Function
Type	■ Date Wise - Check this button to configure the leave date wise. ■ Period Wise - Check this button to configure the leave period wise.
From date	Select the start date from the calender drop-down.
To date	Select the last date from the calender drop-down.
From Time	Select the time from the drop-down list in hour and minutes format.
To Time	Select the time from the drop-down list in hour and minutes format.

2. Click *Save*.

A new leave entry is configured for the selected doctor and the leave details appears in the grid.

Inactivating a Leave

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Leave Entry

Inactivate previously created working hours of a doctor from the *Doctor Leave* window.

To inactivate existing leave of a doctor:

1. From Doctor Leave window, select the name of the doctor from the *Doctor* drop-down list.
The total leave details doctor displays in the grid.
2. Click *Inactive* on the right side of the leave details to inactivate the leave for the particular day or a period:

S.L.NO.	LEAVE TYPE	REASON	FROM DATE	TO DATE	FROM TIME	TO TIME	STATUS
1	Period Wise	leave	20/01/2016	20/01/2016	00:00	23:55	Inactive
2	Date Wise	leave	21/01/2016	27/01/2016	00:00	23:55	Inactive

The leave of a particular day or a period is inactivated for the selected doctor.

Exporting Leave Details

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Leave Entry

The user can export the leave details of the doctor to the local system in Microsoft® Excel®, PDF, or Microsoft® Word® format.

To export the leave details of the doctor:

1. From the Doctor Leave window, enter the details as described in [Accessing the Leave Entry Master](#) section.
2. Click any of the following icon on the right side of the window to export the leave details of the doctor:

The leave details of the specific doctor is exported to the local system.

The file includes the following data elements:

- Employee ID
- Doctor Name
- Leave Type Desc
- From Date
- To Date
- Start Time
- End Time
- Reason
- Status Desc

Accessing the Doctor Charges Fixing Sponsor Wise Master

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Charges Fixing Sponsor Wise

Creating a New Slot Schedule

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Wise Slot Fixing

The following procedure describes how to fix appointment slots doctor wise.

To fix the slots doctor wise:

1. From the Doctor Wise Appointment Slots Fixing window, click **New** and apply the filter as described in the following table:

Filter	Description
Location	If there are multiple locations of the hospital, select a location from the drop-down list. For single location, this field is auto selected with the location.
Doctor	Select the doctor from the drop-down list.
From Date	Select the start date from the calender drop-down to fix the appointment slot.
To date	Select the end date from the calender drop-down to fix the appointment slot.
Week day	Select either a day from the drop-down list to book the appointment for the specific day or select <i>All</i> he drop-down list to book the appointment for all days of a week.
From Time	■ Select the shift starting time (in hour) of the doctor in the first field from the drop-down list. ■ Select the shift starting time (in minute) of the doctor in the second field from the drop-down list.
To Time	■ Select the shift ending time (in hour) in the first field from the drop-down list. ■ Select the shift ending time (in minute) in the second field from the drop-down list.

Filter	Description
Slot	Enter the time (in minutes) for each slot.
O.B Time	Enter the allowable over booking time for each appointment for a specific doctor.
Allow multiple appointments in same slot	Check this box to allow multiple appointments in one slot for a specific doctor.

- Click *Save*.
A confirmation message displays.
- Click *OK*.
Appointment slots for a single day or a week for the selected doctor are fixed.

Updating a Slot Schedule

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Wise Slot Fixing

The following procedure describes how to update appointment slots doctor wise.

To update a slot schedule:

- From the Doctor Wise Appointment Slots Fixing window, select the doctor from the *Doctor* drop-down list.
The appointment slots along with the timing displays in the grid.
- Click a day name from the *WEEK NAME* column to update the slot schedule for that day.
- Edit the From Date, To Date, From Time, To Time, and Slot field as described in [Accessing the Doctor Wise Slot Fixing Master](#) section.
- Click *Save*.
A confirmation message displays.
- Click *OK*.
- Repeat the steps to update the slot schedule for other days of the week.
The updated slot schedule for the selected doctor displays in the grid.

Copying a Slot Schedule

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Wise Slot Fixing

Copy a slot schedule from one doctor to another doctor in case the slot schedule for the both doctors is same.

To copy a slot schedule:

1. From the Doctor Wise Appointment Slots Fixing window, fix the slot schedule for a doctor as described in [Accessing the Doctor Wise Slot Fixing Master](#) section.
2. Click *Copy*.

The Copy to Selected Doctor window opens:

3. Check the box next to the doctor's name to copy the slot schedule to the selected doctor.
4. Click *Save*.

The slot schedule is copied.

Note: The user can copy the slot schedule to all doctors or number of doctors of the hospital. Check the boxes next to doctors to copy the slot schedule to the selected doctors or check the top most box to select all doctors of the hospital to copy the slot schedule to all doctors and click *Save*.

Inactivating a Slot Schedule

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Wise Slot Fixing

Inactivate a slot schedule [why would you do this? and why can't you delete it?]

To inactivate a slot schedule:

1. From the Doctor Wise Appointment Slots Fixing window, select the doctor from the *Doctor* drop-down list.
The appointment slots along with the timing displays in the grid.
2. Click *Inactive* on the right side of the slot schedule for the required days:

S.NO.	WEEK NAME	DOCTOR NAME	FROM DATE	TO DATE	STA. TIME	TO TIME	SLOT	STATUS	OVERBOOKINGTIME_INHRS
1	Sunday	Dr. Anand	05/01/2016	06/01/2016	10:00	20:00	5	Active	1
2	Monday	Dr. Anand	05/01/2016	06/01/2016	10:00	20:00	5	Active	1
3	Tuesday	Dr. Anand	05/01/2016	06/01/2016	10:00	20:00	5	Active	1
4	Wednesday	Dr. Anand	05/01/2016	06/01/2016	10:00	20:00	5	Active	1
5	Thursday	Dr. Anand	05/01/2016	06/01/2016	10:00	20:00	5	Active	1

A confirmation message displays.

3. Click *OK*.

The selected slot schedule is inactivated and the *Inactivate* option is grayed out for the day.

Exporting Slot Schedule

Path: Main menu > OPD > Doctor Appointment > Masters drop-down list > Doctor Wise Slot Fixing

Export the slot schedule to a CSV spreadsheet, PDF file, or word processor document.

To export a slot schedule:

9	VIKA1180116-1	18 Jan 2016 11:40AM	CARD109	Mr. Anand Kumar	General Consultation	Dr. Anand Kumar	Go Billing	Booked	Physical

Searching For Appointments

Path: Main menu > OPD > Doctor Appointment > Transactions drop-down list > Doctor Appointment

From the Doctor Appointment window, search the appointments for doctors date wise.

For more information about displaying the appointment details, refer to [Displaying Appointment Details](#).

To search for appointments:

1. From Doctor Appointment window, set the filters to search for specific appointments as described in the following table:

Field	Function
Doctor	Select the name of the doctor from the drop-down list.

Field	Function
From Date	Select the start date of appointments from the calendar to search for specific appointments booked after the start date.
To Date	Select the last date of appointments from the calendar to search for specific appointments booked before the last date.
Status	Select either <i>Booked</i> or <i>Canceled</i> from the drop-down list. Select <i>All</i> to search for all appointments.
Bill Status	Select either <i>Confirm</i> or <i>Unconfirm</i> from the drop-down list. Select <i>both</i> to search for all appointments.
Appt Type	Select a type of appointment from the drop-down list. Select <i>All</i> to search for all appointments.

- Click *Filter*.

The list of appointments that match the selected criteria displays in the grid.

Note: The details of appointment displays in a small window when the user keeps the cursor on the APPT. No.

The status of each appointment displays in either blue or gray color; indicates that:

- Blue color - Appointment is booked
- Gray color - Appointment is canceled

Displaying Appointment Details

Path: Main menu > OPD > Doctor Appointment > Transactions drop-down list > Doctor Appointment

From the Doctor Appointment window, display the details of an appointment.

To display the appointment details:

- From the Doctor Appointment window, search for an appointment.

A list of appointments displays in the grid.

- Click the appointment number of the patient from the *APPT. NO* column.

Doctor Appointment Scheduling window opens that displays the details of the selected appointment. The user can not edit or update the information from the Doctor Appointment scheduling window.

Accessing the Doctor Appointment Scheduling Window

Path: Main menu > OPD > Doctor Appointment > Transactions drop-down list > Doctor Appointment > New button

This section describes how to create a new appointment for a patient.

The following table describes different areas of Doctor Appointment Scheduling window:

	Area	Description
1.	Doctor Details Filters	Filters to display the specific doctor details.
2.	Doctor Details	Displays the name of the doctor along with the working hours for the selected day. The list of doctors displays in one of the following color codes: ◆ Green - Doctor is available for the selected date ◆ Pink - Doctor is on leave on the selected date ◆ Gray - Doctor is nor available on the selected date
3.	Slot Details	Displays the slot details of the selected day in one of the following color codes: ◆ Green - Slot is available ◆ Pink - Periodic leave slot ◆ Blue - Slot is booked ◆ Orange - Slot is booked for over time For fixing a slot duration, refer to
4.	Patient Details	Enter the patient details to book an appointment for the patient. For more information about entering the patient details, refer to Scheduling a New Appointment .
5.	Referral Information	Enter the patient's referral information.

Scheduling a New Appointment

Path: Main menu > OPD > Doctor Appointment > Transactions drop-down list > Doctor Appointment > New button

The following sections describe how to enter patient details in Doctor Appointment Scheduling window.

To schedule a new appointment:

1. From the Doctor Appointment Scheduling window select a date from the calendar drop-down to view the slot details for the selected day.
2. Select a doctor:
 - a. Either select a department from the *Dept* drop-down list to display the list of doctors from the selected department. Select the specification of the doctor from the *Spec* drop-down list to filter the list of doctors.

OR

- b. Enter the name of the doctor in the *Doctor Name* field to display the specific doctor.
 - c. Check the box next to the doctor's name to display the slot details of the doctor.
The Slot details displays.
3. Check the box next to an available slot.

Note: The user can book only a single slot for an appointment of the selected date.

4. Enter the patient information:
 - a. In the Patient Details section, check one of the following boxes:
 - *First Visit* - If the patient comes to hospital for the first time
 - *Follow up* - If the patient comes for a follow up
 - b. Select either *Physically*, *Telephonic*, or *Online* from the *Appt Type* drop-down list.
 - c. Select a purpose of patient's visit from the *Purpose* drop-down list.
 - d. For the patient that is previously registered with the eClinicalWorks, select *Registered* and enter the following information:
 - Either enter the patient's registration number in the *Reg. No.* field or click *Reg. Search* on the bottom of the window to search for the patient and select the patient's registration number.
 - The rest of the fields are auto-populated by the system. The system pulls the data entered in the Patient Registration window during the patient registration.
 - Enter the information empty fields where the information is not auto-populated.
 - e. For the patient that is not registered in the eClinicalWorks, select *New Patient* and enter the following information:

■ Title	■ Sex
■ Name	■ Country

- | | |
|-----------|-----------|
| ■ Mobile | ■ State |
| ■ D.O.B | ■ City |
| ■ Age | ■ Sponsor |
| ■ Address | ■ Email |

Fields that are marked with an asterisk (*) are mandatory fields. The system does not enable the user to save the information until all mandatory fields are filled.

5. Enter the referral information:
 - a. In the *Int.Ref* field, enter the title of the internal referral. In the second field, select the name of the internal referral from the drop-down list.
 - b. In the *Ex.Ref* field, select the name of the external referral from the drop-down list.
6. (Optional) If the referral name is not available in the referral drop-down list, add a new referring provider:

- a. click the icon next to the *Ex. Ref* field.

A pop-up opens:

The screenshot shows a small rectangular pop-up window. At the top, it has a label 'Referral Name' next to a text input field. Below that, it has a label 'Mobile No.' next to another text input field. At the bottom of the window, there are two buttons: 'Save' and 'Close'.

- b. Enter the following information in the pop-up window:
 - Enter the referral name in the *Referral Name* field.
 - Enter the mobile number of the referral in the *Mobile No.* field.
- c. Click *Save*.
- d. Click *Close* to close the pop-up window.

The new referral is added to the referral list.

The referral information is complete now.

7. Select a diagnosis from the *Diagnosis* drop-down list.
8. Enter the reason for the appointment in the *Appt. Reason* field.
9. Click *Save*.

A new appointment is created.

The patient Details section is completed.

Printing Appointment Slip

Path: Main menu > OPD > Doctor Appointment > Transactions drop-down list > Doctor Appointment > New button

Print an appointment slip after scheduling a new appointment.

To print an appointment details:

1. On the Doctor Appointment Scheduling window, create an appointment for a patient as described in [Accessing the Doctor Appointment Scheduling Window](#) section.
2. The system generates a slip of appointment details and opens in a new window after the appointment is created.

OR

Click *Print* on the bottom of the window.

The Print window opens:

Doctor Appointment Slip			
Patient Name	: Mr. Jitendra Mehta	Reg-No	: 0000000
Age Sex	: 31 Y / M	Consultant	: Dr. Anand Desai
Speciality	: Cardiology	Appointment No	: ANAN1270116-1
Apt.Date & Time	: 27/01/2016 12:00AM	Purpose	: Cardio Consultation-Senior
Referred By	: Self		
Address	: , Ahmedabad ,Gujarat, India		
			Authorized Signatory Admin

3. Right-click on the window and click *Print*.

The Doctor Appointment Slip is printed.

Canceling an Existing Appointment

Path: Main menu > OPD > Doctor Appointment > Transactions drop-down list > Doctor Appointment

The following section describes how to cancel an existing appointment.

To cancel an existing appointment:

1. From The Doctor Appointment window opens.
2. Search for the appointment as described in [Searching For Appointments](#) section.
3. Click the appointment number from the *APPT. NO* column.
The Doctor Appointment Scheduling window opens.
4. Click *Cancel* on the booked slot from the *Slot Details* section to can the appointment booked for that slot:

27 Jan 2016 Dr. Anandi Ben

	TIME	APPT.NO	BILL NO	CANCEL
☒	17:10:00	1		Cancel
☐	19:20:00			Cancel
☐	19:30:00			Cancel
☐	19:40:00			Cancel
☐	19:50:00			Cancel
☐	20:00:00			Cancel

A small window opens that asks for the reason for cancel:

Appt No : 1

Reason

Cancel

5. Enter the reason and click *Cancel*.

The appointment is canceled and the booked slot turns green color that shows the slot is available now. The status of the canceled appointment changes to *canceled* in the Doctor Appointment window.

The user can not cancel an appointment if the bill is prepared and the bill number is generated.

Updating an Existing Appointment

Path: Main menu > OPD > Doctor Appointment > Transactions drop-down list > Doctor Appointment

Follow the steps described in this section to update time of an existing appointment.

To update an existing appointment:

1. From the Doctor Appointment window, search for the appointment as described in [Searching For Appointments](#) section.
2. Click the appointment number from the *APPT. NO* column.
The Doctor Appointment Scheduling window opens.
3. Check the box next to a different time slot from the *Slot Details* sections.
4. Enter the reason for updating the appointment in the *Update Reason* field. and click *Update*.
A confirmation window displays.
5. Click *OK*.

The time for the appointment is updated and the previously booked slot shows as available.

Posting a Patient Payment from Doctor Appointment

Path: Main menu > OPD > Doctor Appointment > Transactions drop-down list > Doctor Appointment

After an appointment has been [what changes the appointment from the number to Go Billing?].

- ◆ From Date - Select the start date of appointment from the calendar drop-down to view the list of appointments.
- ◆ To Date - Select the last date of appointment from the calendar drop-down to view the list of appointments.
- ◆ Doctor - Select the name of the doctor from the drop-down list.

5. Click *Filter*.

The list of appointments that match the selected criteria display in the grid.

For more information about the Appointment Reassign/Cancel window, refer to the following sections:

- ◆ Reassigning an Appointment
- ◆ Canceling an Appointment
- ◆ Printing a Receipt

Canceling an Appointment

Path: Main menu > OPD > Doctor Appointment > Transactions drop-down list > SMS Resend

Generating Appointment Reports

Path: Main menu > OPD > Doctor Appointment > Reports drop-down list

The user can generate different reports related to appointment from the Doctor Appointment window. This section describes the procedures to generate different reports related to appointment.

For more information, refer to the following sections:

- [Running the Doctor Appointment Slip Report](#)
- [Running the Doctor Appointment Details Report](#)
- [Doctor Appointment Multi Reports](#)

Running the Doctor Appointment Slip Report

Path: Main menu > OPD > Doctor Appointment > Reports drop-down list > Doctor Appointment Slip

Follow the steps described in this section to generate doctor appointment slip.

To generate doctor appointment slip:

1. From the Doctor Appointment Slip window, set the following filters to view the list of appointments:
 - ◆ Doctor - Select the name of the doctor from the drop-down list.
 - ◆ From Date - Select the start date of appointment from the calender drop-down to view the list of appointments.
 - ◆ To Date - Select the last date of appointment from the calender drop-down to view the list of appointments.
 - ◆ Status - Select either *Booked* or *Canceled* from the drop-down list.

2. Click  icon to generate the appointment report.

The report displays

APPOINTMENT NO.	APPOINTMENT DATE	REG NO.	PATIENT NAME	PURPOSE	DOCTOR NAME	BILL NO.	PRINT	CONSULTATION PRINT
AMT1290115-1	29/01/2016 10:40PM		Mr. Anand Kumar	Cardiac Consultation-Senior	Dr. Amit Naidu	Not Paid	Print	Prescription Bill

● Booked
 ● Canceled

The list of appointments displays in the grid in any of the following colors:

Green - Appointment is booked

Orange - Appointment is canceled

3. To generate the appointment slip, click *Print* in the PRINT column of the report.

The Appointment slip opens in a new window

4. To generate the prescription bill, click *Prescription Bill* in the COUNSULTANTATION PRINT column of the report.

The Prescription bill opens in a new window.

Note: The prescription bill for an appointment is generated after the billing is done for the appointment.

Running the Doctor Appointment Details Report

Path: Main menu > OPD > Doctor Appointment > Reports drop-down list > Doctor Appointment Details

Follow the steps described in this section to generate doctor appointment details report.

To generate doctor appointment details report:

1. From the Doctor Appointment Details window, set the following filters to view the list of appointments:
 - ◆ Specialty - Select a specialty from the drop-down list.
 - ◆ Doctor - Select the name of the doctor from the drop-down list.
 - ◆ From Date - Select the start date of appointment from the calender drop-down to view the list of appointments.
 - ◆ To Date - Select the last date of appointment from the calender drop-down to view the list of appointments.
 - ◆ Status - Select either *Booked* or *Canceled* from the drop-down list.
2. Click  icon to generate the appointment report.

The report displays
